

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Mee-Eun Kang
DOCKET NO.: 20-03768.001-R-1
PARCEL NO.: 15-28-306-016

The parties of record before the Property Tax Appeal Board are Mee-Eun Kang, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,356
IMPR.: \$115,630
TOTAL: \$144,986

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a tri-level dwelling of wood siding exterior construction with 2,028 square feet of living area. The dwelling was constructed in 1985. Features of the home include a basement with finished area, a lower level, central air conditioning, a fireplace, and a 420 square foot garage. The property has a 6,930 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales presented in two grid analyses. The comparables are located within 0.54 of a mile from the subject. The parcels range in size from 6,826 to 8,505 square feet of land area and are improved with split-level homes of frame exterior construction with 1,852 or 2,205 square feet of living area. The dwellings were built from 1978 to 1980. The appellant reported comparable #3 was recently rehabbed. Each home has a

basement, one of which has finished area, central air conditioning, and a 462 or 480 square foot garage. Two homes each have one or two fireplaces. The comparables sold from May 2019 to May 2020 for prices ranging from \$355,000 to \$440,000 or from \$175.06 to \$199.55 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$144,986. The subject's assessment reflects a market value of \$435,524 or \$214.76 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales where comparables #2 and #3 are the same properties as the appellant's comparables #4 and #3, respectively. Comparables #1, #4 and #5 are located within 0.48 of a mile from the subject and have 6,830 or 11,030 square foot sites improved with tri-level homes of wood siding exterior construction with 2,028 or 2,205 square feet of living area. The dwellings were built from 1978 to 1985. Each home has a lower level, central air conditioning, and a 420 or 480 square foot garage. One home has a basement with finished area and two homes each have a fireplace. These three comparables sold from December 2019 to November 2020 for prices ranging from \$410,000 to \$490,000 or from \$185.94 to \$241.62 per square foot of living area, including land. Based on this evidence the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven comparable sales, with two common sales, for the Board's consideration, which are relatively similar to the subject in dwelling size, age, location, site size, and features. The comparables sold from May 2019 to November 2020 for prices ranging from \$355,000 to \$490,000 or from \$175.06 to \$241.62 per square foot of living area, including land. The subject's assessment reflects a market value of \$435,524 or \$214.76 per square foot of living area, including land, which is within the range established by the comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
