

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Greg Vasfeld  
DOCKET NO.: 20-03780.001-R-1  
PARCEL NO.: 15-29-105-013

The parties of record before the Property Tax Appeal Board are Greg Vasfeld, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$31,933  
**IMPR.:** \$114,211  
**TOTAL:** \$146,144

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a split-level dwelling of wood siding exterior construction with 1,933 square feet of living area. The dwelling was constructed in 1978 with an effective age of 1984. Features of the home include a finished lower level, a basement with finished area, central air conditioning, a fireplace, and a garage containing 483 square feet of building area. The property has a 10,605 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within .42 of a mile of the subject and within the same assessment neighborhood code as the subject. The comparables consist of split-level dwellings of frame exterior construction containing either 1,670 or 2,141 square feet of living area. The homes were built in 1975 or 1977, with comparable #2 having an

effective age of 1979. Each dwelling has central air conditioning, one or two fireplaces, a finished lower level, a basement with three having finished area, and a garage containing 484 square feet of building area. The parcels range in size from 6,138 to 7,992 square feet of land area. The comparables sold from April 2019 to June 2020 for prices ranging from \$332,500 to \$427,000 or from \$199.10 to \$252.99 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$136,585.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$146,144. The subject's assessment reflects a market value of \$439,003 or \$227.11 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within .41 of a mile of the subject and within the same assessment neighborhood code as the subject. Comparable #1 is the same as appellant comparable #4. The comparables consist of split-level dwellings of wood siding exterior construction each containing 1,670 square feet of living area. The dwellings were built from 1975 to 1978. Each dwelling has central air conditioning, a finished lower level, a basement with two having finished area, and a garage containing 484 square feet of building area. One comparable has a fireplace. The parcels range in size from 6,500 to 7,840 square feet of land area. The comparables sold from February 2018 to April 2019 for prices ranging from \$380,000 to \$445,000 or from \$227.54 to \$266.47 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of seven comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board gives less weight to the appellant's comparable #2 due to its unfinished basement when compared to the subject. The Board also gives reduced weight to board of review comparables #2 through #4 due to their more remote sales dates for valuation as of January 1, 2020.

The Board finds the best evidence of market value to be the appellant's comparables #1, #3, and #4, which includes the common comparable, and are similar to the subject in age, location, design, and features. These most similar comparables sold for prices ranging from \$332,500 to \$422,500 or from \$199.10 to \$252.99 per square foot of living area, including land. The subject's assessment reflects a market value of \$439,003 or \$227.11 per square foot of living area, including land, which is within the range established by the best comparable sales in this record on a per-square-foot basis. Although the subject's assessment falls above the range

overall, it appears justified due to the subject's newer effective age, larger dwelling, and larger parcel than all of the comparables in the record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
