

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lovelle Javier
DOCKET NO.: 20-03798.001-R-1
PARCEL NO.: 07-18-213-025

The parties of record before the Property Tax Appeal Board are Lovelle Javier, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,963
IMPR.: \$72,162
TOTAL: \$84,125

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 1,769 square feet of living area. The dwelling was constructed in 1995. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a garage containing 380 square feet of building area. The property has a 6,100 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .27 of a mile of the subject and within the same assessment neighborhood code as the subject. The comparables

consist of two-story¹ dwellings of wood siding exterior construction ranging in size from 2,008 to 2,264 square feet of living area. The homes were built in either 1994 or 1996. Each dwelling has central air conditioning, a basement with three having finished area, and a garage ranging in size from 420 to 460 square feet of building area. Three comparables each have a fireplace. The parcels range in size from 6,100 to 9,150 square feet of land area. The comparables sold from January 2019 to June 2020 for prices ranging from \$221,000 to \$285,000 or from \$104.94 to \$125.88 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$69,863.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$84,125. The subject's assessment reflects a market value of \$252,704 or \$142.85 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .18 of a mile of the subject and within the same assessment neighborhood code as the subject. The comparables consist of two-story² dwellings of wood siding exterior construction ranging in size from 1,715 to 2,008 square feet of living area. The dwellings were built from 1994 to 1996. Each dwelling has central air conditioning, a basement with one having finished area, and a garage ranging in size from 418 to 480 square feet of building area. Four comparables each have a fireplace. The parcels range in size from 7,410 to 10,890 square feet of land area. The comparables sold from November 2019 to November 2020 for prices ranging from \$274,000 to \$314,000 or from \$138.80 to \$167.75 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of ten comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparables #1 and #4, as well as board of review comparables #2 through #5, due to their lack of finished basement area compared to the subject. The Board also gives reduced weight to appellants comparables #2 and #5 due to their larger dwelling sizes in relation to the subject

¹ Although the appellant's grid describes comparable #4 as a one-story dwelling, the grid reports a 740 square foot ground floor and a 2,258 square foot above ground living area indicating that this property is a part two-story dwelling.

² Although the board of review's grid describes comparable #1 as a one-story dwelling, the grid reports a 475 square foot ground floor and 1,873 square foot above ground living area indicating that this property is a part two-story dwelling.

The Board finds the best evidence of market value to be appellant's comparable sale #3 and board of review comparable #1 which are most similar to the subject in age, dwelling size, and features. These most similar comparables sold for prices of \$245,000 and \$314,000 or for \$122.01 and \$167.65 per square foot of living area, including land. The subject's assessment reflects a market value of \$252,704 or \$142.85 per square foot of living area, including land, which is bracketed by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
