

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dean Glassberg  
DOCKET NO.: 20-03805.001-R-1  
PARCEL NO.: 16-34-303-001

The parties of record before the Property Tax Appeal Board are Dean Glassberg, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$76,066  
**IMPR.:** \$190,166  
**TOTAL:** \$266,232

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick exterior construction with 3,681 square feet of living area. The dwelling was constructed in 1965 and has an effective age of 1981. Features of the home include a basement with finished area, central air conditioning, two fireplaces, and a garage containing 462 square feet of building area. The property has a 13,560 square foot site and is located in Deerfield, Moraine Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .57 of a mile of the subject and within the same assessment neighborhood code as the subject. The comparables consist of two-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,975 to 3,684 square feet of living area. The homes were built from 1963 to 1966 with comparables #2 and #5 having effective ages of 1965 and 1977,

respectively. Each dwelling has central air conditioning, a fireplace, and a garage ranging in size from 484 to 552 square feet of building area. Four comparables have basements with two having finished area. The parcels range in size from 9,470 to 20,920 square feet of land area. The comparables sold from March to June 2020 for prices ranging from \$472,000 to \$800,000 or from \$136.85 to \$225.21 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$241,240.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$266,232. The subject's assessment reflects a market value of \$799,736 or \$217.26 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .57 of a mile of the subject and within the same assessment neighborhood code as the subject. Comparable #1 is the same property as appellant comparable #5. The comparables consist of two-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,862 to 3,684 square feet of living area. The dwellings were built from 1964 to 1967, with four comparables having effective ages ranging from 1974 to 1983. Each dwelling has central air conditioning, a fireplace, a basement with two having finished area, and a garage ranging in size from 442 to 576 square feet of building area. The parcels range in size from 9,410 to 18,290 square feet of land area. The comparables sold from April 2018 to October 2020 for prices ranging from \$692,000 to \$800,000 or from \$210.08 to \$256.81 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board gives less weight to the appellant's comparables #1, #3, and #4 as well as board of review comparables #2 through #4 due to their lack of finished basement area compared to the subject. The Board also gives reduced weight to board of review comparable #5 due to its smaller dwelling size in relation to the subject.

The Board finds the best evidence of market value to be appellant's comparable sales #2 and #5, which include the common comparable. These comparables are similar to the subject in design, location, dwelling size, and features, although appellant comparable #2 has an effective age of 1965, suggesting an upward adjustment would be necessary to make it more equivalent to the subject's effective age of 1981. These most similar comparables sold for prices of \$650,000 and

\$800,000 or for \$198.78 and \$217.16 per square foot of living area, including land. The subject's assessment reflects a market value of \$799,736 or \$217.26 per square foot of living area, including land, which is bracketed by the best comparable sales in this record overall and only slightly above the best comparables on a per-square-foot basis. The subject's estimated market value appears supported by the parties' common comparable, which is most similar to the subject in age, dwelling size, and features. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
