

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jason Knutsen
DOCKET NO.: 20-03806.001-R-1
PARCEL NO.: 16-32-402-024

The parties of record before the Property Tax Appeal Board are Jason Knutsen, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$49,438
IMPR.: \$137,695
TOTAL: \$187,133

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,759 square feet of living area. The dwelling was constructed in 1961 and having an effective age of 1975. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a garage containing 474 square feet of building area. The property has a 9,450 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .37 of a mile of the subject and within the same assessment neighborhood code as the subject. The comparables consist of two-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 1,970 to 2,944 square feet of living area. The homes were built from 1958 to 1966 with comparable #5 having an effective age of 1985. Each dwelling has central air

conditioning and a garage ranging in size from 312 to 600 square feet of building area. Three comparables each have either one or two fireplaces and three comparables have basements. Four of the comparables have parcels ranging in size from 9,000 to 9,600 square feet of land area, with no parcel data reported for comparable #5. The comparables sold from June 2019 to May 2020 for prices ranging from \$401,000 to \$535,000 or from \$146.40 to \$214.37 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$167,346.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$187,133. The subject's assessment reflects a market value of \$562,130 or \$203.74 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within .37 of a mile of the subject and within the same assessment neighborhood code as the subject. Comparable #2 is the same property as appellant comparable #5. The comparables consist of two-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 2,164 to 3,073 square feet of living area. The dwellings were built from 1958 to 1960, with comparables #2 and #5 having effective ages of 1985 and 1967, respectively. Each dwelling has central air conditioning, a basement with one having finished area, and a garage ranging in size from 312 to 483 square feet of building area. Four comparables each have a fireplace. Four of the comparables have parcels containing either 9,000 or 9,460 square feet of land area, with no parcel data reported for comparable #2. The comparables sold from January 2019 to January 2020 for prices ranging from \$497,000 to \$677,000 or from \$214.37 to \$239.93 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board finds that neither party submitted comparables that were particularly similar to the subject due to differences from the subject in effective age, dwelling size, foundation type, and finished basement area. Nevertheless, the Board gives less weight to the appellant's comparables #1, #3, and #4, as well as board of review comparables #1, #3, and #4, due to their older effective ages and/or dissimilar foundations when compared to the subject. The Board also gives reduced weight to the parties' common comparable due to the lack of parcel size data that would allow the Board to determine the degree of similarity to the subject.

The Board finds the best evidence of market value to be appellant's comparable sale #2 and board of review comparable sale #5, which are most similar to the subject in age/effective age, dwelling size, and features. These most similar comparables sold for prices of \$535,000 and \$560,000 or for \$203.04 and \$230.07 per square foot of living area, including land. The subject's assessment reflects a market value of \$562,130 or \$203.74 per square foot of living area, including land, which is bracketed by the best comparable sales in this record on a per-square-foot basis, only slightly above the best comparables overall, and appears justified based on the subject's larger dwelling size. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
