

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Vibhuti Prakash
DOCKET NO.: 20-03818.001-R-1
PARCEL NO.: 15-28-307-016

The parties of record before the Property Tax Appeal Board are Vibhuti Prakash, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$29,277
IMPR.: \$103,210
TOTAL: \$132,487

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a split-level dwelling of frame exterior construction with 2,028 square feet of above ground living area. The dwelling was constructed in 1986. Features of the home include a finished lower level, central air conditioning, a fireplace, and a garage containing 420 square feet of building area. The property has a 6,825 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .48 of a mile and within the same assessment neighborhood code as the subject. The comparables consist of split-level dwellings of frame exterior construction ranging in size from 1,454 to 2,205 square feet of above ground living area. The homes were built from 1978 to 1980. Each dwelling has central air conditioning and a garage ranging in size from 462 to 524 square feet of building area. Four

comparables each have a fireplace and two comparables each have an additional basement, with one having finished area.¹ The parcels range in size from 6,825 to 11,029 square feet of land area. The comparables sold from May 2016 to May 2020 for prices ranging from \$295,000 to \$434,000 or from \$175.06 to \$202.89 per square foot of above ground living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$124,854.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$132,487. The subject's assessment reflects a market value of \$397,978 or \$196.24 per square foot of above ground living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within .51 of a mile of the subject and within the same assessment neighborhood code as the subject. The comparables consist of tri-level dwellings of wood siding exterior construction containing either 2,028 or 2,205 square feet of above ground living area. The dwellings were built from 1978 to 1985. Each dwelling has central air conditioning, a basement with one having finished area, and a garage containing either 420 or 480 square feet of building area. Two comparables each have one or two fireplaces. The parcels each have 6,830 square feet of land area. The comparables sold from September 2019 to November 2020 for prices ranging from \$435,500 to \$490,000 or from \$197.51 to \$241.62 per square foot of above ground living area, including land. The board of review also disclosed that the subject sold in May 2018 for \$397,500. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales to support their respective positions before the Property Tax Appeal Board. The Board gives less weight to the appellant's comparable #4 and board of review comparable #1, which have finished basements unlike the subject. The Board also gives reduced weight to appellant comparable #3 due to its smaller dwelling size compared to the subject and appellant comparable #5 due to its remote sale date for valuation as of January 1, 2020.

The Board finds the best evidence of market value to be appellant's comparable sales #1 and #2 along with board of review comparable sales #2 and #3 which sold proximate in time to the assessment date at issue and are similar to the subject in age, dwelling size, and features, noting

¹ The appellant submitted a Multiple Listing Service sheet for comparable #4 which states that the property has a "finished English walk-out basement featuring big rec rm" and "also huge sub-bsmt."

that three of the comparables have basements suggesting downward adjustments would be necessary to make them more equivalent to the subject. These most similar comparables sold for prices ranging from \$355,000 to \$440,000 or from \$181.36 to \$197.51 per square foot of above ground living area, including land. The subject's assessment reflects a market value of \$397,978 or \$196.24 per square foot of above ground living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
