

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yogesh Desai
DOCKET NO.: 20-03822.001-R-1
PARCEL NO.: 15-30-407-009

The parties of record before the Property Tax Appeal Board are Yogesh Desai, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,924
IMPR.: \$87,731
TOTAL: \$116,655

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part 1-story and part 2-story dwelling¹ of wood siding exterior construction with 2,071 square feet of living area. The dwelling was constructed in 1977. Features of the home include a basement, central air conditioning, and a 529 square foot garage. The property has a 6,363 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.19 of a mile from the subject. The parcels range in size from 6,080 to 10,605 square feet of land area and are

¹ The parties differ regarding the subject's design. The Board finds the best evidence of the subject's design is found in the subject's property record card submitted by the board of review which contains a sketch with measurements and depicts second floor living area.

improved with 2-story homes of frame exterior construction ranging in size from 1,940 to 2,212 square feet of living area. The dwellings were built in 1976 or 1978. Each home has a basement, two of which have finished area, central air conditioning, and a garage ranging in size from 506 to 649 square feet of building area. Two homes each have a fireplace. The comparables sold from January to September 2019 for prices ranging from \$290,000 to \$400,000 or from \$140.03 to \$180.83 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$116,655. The subject's assessment reflects a market value of \$350,421 or \$169.20 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales where comparable #2 is the same property as the appellant's comparable #1. The comparables are located within 0.17 of a mile from the subject. The parcels range in size from 6,360 to 8,910 square feet of land area and are improved with 2-story homes² of wood siding exterior construction ranging in size from 1,940 to 2,212 square feet of living area. The dwellings were built from 1976 to 1978. Each home has a basement, two of which have finished area, central air conditioning, and a garage ranging in size from 506 to 649 square feet of building area. Four homes each have one or two fireplaces. The comparables sold from April 2019 to December 2020 for prices ranging from \$350,000 to \$415,000 or from \$180.41 to \$213.92 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight comparable sales, with one common sale, for the Board's consideration. The Board gives less weight to the appellant's comparables #3 and #4 and the board of review's comparables #1 and #5, which each have finished basement area unlike the subject.

The Board finds the best evidence of market value to be the appellant's comparable #1/board of review's comparable #2, the appellant's comparable #2, and the board of review's comparables #3, and #4, which are similar to the subject in dwelling size, age, location, lot size, and most

² Although the board of review reported comparable #1 is a 1-story home, it also reported that this comparable has above ground living area greater than its ground floor living area, indicating this comparable has second floor living area.

features. These most similar comparables sold from January 2019 to April 2020 for prices ranging from \$312,500 to \$401,000 or from \$150.89 to \$181.28 per square foot of living area, including land. The subject's assessment reflects a market value of \$350,421 or \$169.20 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
