

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Juan C. Escandon
DOCKET NO.: 20-03828.001-R-1
PARCEL NO.: 15-17-412-001

The parties of record before the Property Tax Appeal Board are Juan C. Escandon, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,660
IMPR.: \$156,281
TOTAL: \$188,941

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding and brick exterior construction with 3,350 square feet of living area. The dwelling was constructed in 2000. Features of the home include a basement, central air conditioning, and a 672 square foot garage. The property has an approximately 16,550 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within 0.19 of a mile from the subject. The parcels range in size from 15,000 to 17,940 square feet of land area and are improved with 2-story homes of brick or wood siding and brick exterior construction ranging in size from 3,388 to 4,256 square feet of living area. The dwellings were built from 1991 to 1999. Each home has a basement, four of which have finished area, central air conditioning, a

fireplace, and a garage ranging in size from 672 to 800 square feet of building area. The comparables sold from July 2019 to July 2020 for prices ranging from \$505,000 to \$673,048 or from \$140.59 to \$167.10 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$188,941. The subject's assessment reflects a market value of \$567,561 or \$169.42 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment the board of review submitted information on four comparable sales where comparable #3 is the same property as the appellant's comparable #5. The comparables are located within 0.18 of a mile from the subject. The parcels range in size from 15,000 to 16,930 square feet of land area and are improved with 2-story homes of brick or wood siding and brick exterior construction ranging in size from 3,260 to 3,890 square feet of living area. The dwellings were built from 1990 to 1998. Each home has a basement, two of which have finished area, central air conditioning, a fireplace, and a garage ranging in size from 682 to 800 square feet of building area. The comparables sold from July 2019 to September 2020 for prices ranging from \$585,000 to \$650,000 or from \$167.10 to \$193.40 per square foot of living area, including land. Based on this evidence the board of review requested a reduction in the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eight comparable sales, with one common sale, for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #3, and #4, the appellant's comparable #5/board of review's comparable #3, and the board of review's comparable #1, due to substantial differences from the subject in dwelling size and/or basement finish.

The Board finds the best evidence of market value to be the appellant's comparable #1 and the board of review's comparables #2 and #4, which are similar to the subject in dwelling size, age, location, and features. These most similar comparables sold from July 2019 to May 2020 for prices ranging from \$505,000 to \$609,000 or from \$140.59 to \$186.64 per square foot of living area, including land. The subject's assessment reflects a market value of \$567,561 or \$169.42 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
