

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christina J. Vaccaro
DOCKET NO.: 20-03834.001-R-1
PARCEL NO.: 06-19-102-082

The parties of record before the Property Tax Appeal Board are Christina J. Vaccaro, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$1,714
IMPR.: \$30,872
TOTAL: \$32,586

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story residential condominium unit of vinyl siding exterior construction with 1,008 square feet of living area. The dwelling was constructed in 2001. Features of the home include a concrete slab foundation, central air conditioning, and a 231 square foot garage. The property is located in Round Lake Beach, Avon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.46 of a mile from the subject. The comparables are improved with 1-story residential condominium units of vinyl siding exterior construction with 944 or 1,008 square feet of living area. The dwellings were built in 2000 or 2001. Each home has a concrete slab foundation, central air conditioning, and a 231 or 233 square foot garage. The comparables sold from February to December 2019 for

prices ranging from \$75,000 to \$86,000 or from \$79.45 to \$85.32 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$32,586. The subject's assessment reflects a market value of \$97,885 or \$97.11 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on fourteen comparable sales¹ located within 0.38 of a mile from the subject. The comparables are improved with 1-story residential condominium units of vinyl siding exterior construction with 1,008 square feet of living area. The board of review reported the comparables are the same model as the subject. The dwellings were built from 1999 to 2003. Each home has a concrete slab foundation, central air conditioning, and a 231 or 233 square foot garage. The comparables sold from March 2019 to December 2020 for prices ranging from \$104,000 to \$132,900 or from \$103.17 to \$131.85 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of eighteen comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #2, #3, and #4, which are less similar to the subject in dwelling size than other comparables in this record.

The Board finds the best evidence of market value to be the appellant's comparable #1 and the board of review's comparables, which are identical to the subject in dwelling size and are similar to the subject in age, location, and most features. These most similar comparables sold from February 2019 to December 2020 for prices ranging from \$86,000 to \$132,900 or from \$85.32 to \$131.85 per square foot of living area, including land. The subject's assessment reflects a market value of \$97,885 or \$97.11 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

¹ These comparables are renumbered as #1 through #14.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
