

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jinah Yun-Mitchell
DOCKET NO.: 20-03846.001-R-1
PARCEL NO.: 15-23-402-008

The parties of record before the Property Tax Appeal Board are Jinah Yun-Mitchell, the appellant by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$65,996
IMPR.: \$124,158
TOTAL: \$190,154

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 2,918 square feet of living area. The dwelling was constructed in 1968. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a 600 square foot garage. The property has a 20,038 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales presented in two grid analyses.¹ The comparables are located within 1 mile of the subject and have 20,038 square foot sites improved with 2-story homes of brick and frame exterior construction. The homes range in size from

2,580 to 3,364 square feet of living area and were built from 1965 to 1972, with comparable #2 having an effective age of 1975. Each home has a basement, four of which have finished area, central air conditioning, one or two fireplaces, and a garage ranging in size from 506 to 650 square feet of building area. The comparables sold from December 2018 to September 2019 for prices ranging from \$366,500 to \$575,000 or from \$142.05 to \$180.15 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$190,154. The subject's assessment reflects a market value of \$571,205 or \$195.75 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.74 of a mile from the subject. The parcels range in size from 20,000 to 37,030 square feet of land area and are improved with 1.5-story or 2-story homes of brick or brick and wood siding exterior construction ranging in size from 2,565 to 3,319 square feet of living area. The dwellings were built from 1967 to 1976, with comparables #1 and #3 having effective ages of 1975 and 1970, respectively. Four homes each have a basement, one of which has finished area, and one home has a crawl space foundation. Each comparable has central air conditioning and a garage ranging in size from 484 to 667 square feet of building area. Four homes each have one or two fireplaces. The comparables sold from March 2019 to October 2020 for prices ranging from \$592,500 to \$710,000 or from \$194.34 to \$244.41 per square foot of living area, including land. Based on this evidence the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of ten comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #2 and the board of review's comparables #2 and #4, which are less similar to the subject in dwelling size than other comparables in this record. Moreover, the appellant's comparable #1 sold less proximate in time to the assessment date than other comparables in this record, and the board of review's comparable #2 has a crawl space foundation compared to the subject's basement foundation.

The Board finds the best evidence of market value to be the appellant's comparables #3, #4, and #5 and the board of review's comparables #1, #3, and #5, which are more similar to the subject in dwelling size, foundation type, age, location, and features, although three of these comparables lack finished basement area which is a feature of the subject, suggesting upward

adjustments to these comparables would be needed to make them more equivalent to the subject. These most similar comparables sold from July 2019 to October 2020 for prices ranging from \$467,500 to \$710,000 or from \$176.68 to \$244.41 per square foot of living area, including land. The subject's assessment reflects a market value of \$571,205 or \$195.75 per square foot of living area, including land, which is within the range established by the best comparable sales in this record. Based on this evidence and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
