

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Shriram Kollipara
DOCKET NO.: 20-03886.001-R-1
PARCEL NO.: 15-21-201-006

The parties of record before the Property Tax Appeal Board are Shriram Kollipara, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$36,463
IMPR.: \$82,931
TOTAL: \$119,394

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,032 square feet of living area. The dwelling was constructed in 2003. Features of the home include an unfinished basement, central air conditioning and a 400 square foot garage. The property has an approximately 1,340 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales with the same assessment neighborhood code as the subject and located within .09 of a mile from the subject property. The comparables have sites with either 1,337 or 1,590 square feet of land area. The comparables are improved with two-story dwellings of frame exterior construction containing 2,032 or 2,321 square feet of living area, each built in 2003. The comparables each have an unfinished

basement, central air conditioning and a 400 square foot garage. The comparables sold from May 2019 to July 2020 for prices ranging from \$352,000 to \$365,000 or from \$155.11 to \$179.63 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$117,167, which would reflect a market value of \$351,536 or \$173.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$123,607. The subject's assessment reflects a market value of \$371,304 or \$182.73 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on same three comparable sales presented by the appellant, which were previously described. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted the same three suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparable #1/board of review comparable #3 due to its larger dwelling size when compared to the subject.

The Board finds the best evidence of market value to be the two remaining comparables presented by the parties, which are similar to the subject in location and identical to the subject in dwelling size, design, age and features. These comparables sold in May and October 2019 for prices of \$352,000 and \$365,000 or for \$173.23 and \$179.63 per square foot of living area, including land. The subject's assessment reflects a market value of \$371,304 or \$182.73 per square foot of living area, including land, which is greater than the two best comparable sales in the record. Based on this record the Board finds a reduction in the subject's assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
