

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Michael Miller
DOCKET NO.: 20-03892.001-R-1
PARCEL NO.: 15-21-101-052

The parties of record before the Property Tax Appeal Board are Michael Miller, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$44,285
IMPR.: \$116,966
TOTAL: \$161,251

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,533 square feet of living area. The dwelling was built in 1988. Features of the home include an unfinished basement, central air conditioning, a fireplace, and a 420 square foot garage. The property has a 10,731 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within .98 miles from the subject property. The comparables have sites ranging in size from 8,896 to 17,814 square feet of land area and are improved with two-story dwellings of frame exterior construction ranging in size from 2,517 to 2,549 square feet of living area. The dwellings were built in 1989 or 1991. The comparables have basements, one of which has a recreation room. Each comparable has

central air conditioning and a garage with 420 square feet of building area. Three comparables each have one fireplace. The comparables sold from May 2019 to June 2020 for prices ranging from \$435,000 to \$491,000 or from \$172.82 to \$192.62 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$161,251. The subject's assessment reflects a market value of \$484,383 or \$191.23 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within .98 miles from the subject property. Comparables #3 and #5 were submitted by the appellant as comparables #4 and #3, respectively. The comparables have sites ranging in size from 10,010 to 17,820 square feet of land area and are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,517 to 2,549 square feet of living area. The dwellings were built from 1988 to 1991. The comparables each have an unfinished basement, central air conditioning and a 420 square foot garage. Four comparables each have a fireplace. The properties sold from May 2019 to December 2020 for prices ranging from \$460,000 to \$520,000 or from \$181.60 to \$204.50 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of seven suggested comparable sales for the Board's consideration as two comparables were common to both parties. The Board gives less weight to appellant's comparable #1 which has finished basement area unlike the subject.

The Board finds the best evidence of market value to be the parties remaining comparables which includes the two common comparables. These comparables are similar in location, age, dwelling size and features. These comparables sold from May 2019 to December 2020 for prices ranging from \$444,000 to \$520,000 or from \$176.40 to \$204.50 per square foot of living area, including land. The subject's assessment reflects a market value of \$484,383 or \$191.23 per square foot of living area, including land, which is within the range established by the best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
