

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Gengiah Selvaraj
DOCKET NO.: 20-03899.001-R-1
PARCEL NO.: 15-30-403-003

The parties of record before the Property Tax Appeal Board are Gengiah Selvaraj, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$27,009
IMPR.: \$80,603
TOTAL: \$107,612

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,467 square feet of living area. The dwelling was built in 1978. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a 483 square foot garage. The property has a 5,650 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located within .24 of a mile from the subject property. The comparables have sites ranging in size from 6,000 to 10,460 square feet of land area and are improved with one-story dwellings of wood siding exterior construction, each having 1,467 square feet of living area. The dwellings were built in 1977 or 1978. The comparables each have a basement, central air conditioning and a garage with 483 square feet of

building area. Two comparables each have one fireplace. The comparables sold from March 2019 to March 2020 for prices of \$295,000 and \$320,000 or \$201.09 and \$218.13 per square foot of living area, including land. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$107,612. The subject's assessment reflects a market value of \$323,256 or \$220.35 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment, the board of review submitted information on three comparable sales as comparables #1 and #2 were submitted and described by the appellant as comparables #3 and #2, respectively. Board of review comparable #3 is located .16 of a mile from the subject. The comparable has a site with 6,180 square feet of land area and is improved with a one-story dwelling of wood siding exterior construction with 1,467 square feet of living area. The dwelling was built in 1977 and features an unfinished basement, central air conditioning, a fireplace, and a 483 square foot garage. The property sold in August 2019 for a price of \$335,000 or \$228.36 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of four suggested comparable sales for the Board's consideration as two comparables were common to both parties. These comparables are identical or nearly identical to the subject in location, age, dwelling size, and features with the exception that each comparable lacks finished basement area. These comparables sold from March 2019 to March 2020 for prices ranging from \$295,000 to \$335,000 or from \$201.09 to \$228.36 per square foot of living area, including land. The subject's assessment reflects a market value of \$323,256 or \$220.35 per square foot of living area, including land, which is within the range established by the comparable sales in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
