

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ceylan Kaya
DOCKET NO.: 20-03910.001-R-1
PARCEL NO.: 15-18-203-002

The parties of record before the Property Tax Appeal Board are Ceylan Kaya, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$40,390
IMPR.: \$139,872
TOTAL: \$180,262

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part 1-story and part 2-story dwelling of frame construction with 3,198 square feet of living area. The dwelling was constructed in 1988. Features of the home include a basement, that has finished area, central air conditioning, two fireplaces and an attached 1,056 square foot garage. The property has a 43,560 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales that are located .50 or .81 of a mile from the subject. The comparables have sites ranging in size from 43,560 to 44,431 square feet of land area that are improved with 2-story dwellings of brick or frame construction ranging in size from 2,789 to 3,672 square feet of living area. The dwellings were built in 1986 or 1987. The comparables have basements, one of which has finished area, central air conditioning, one or

three fireplaces, and a garage ranging in size from 576 to 884 square feet of building area. One comparable has a swimming pool. The comparables sold from June 2018 to June 2020 for prices ranging from \$425,000 to \$606,000 or from \$126.63 to \$205.70 per square foot of living area, including land. Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$180,262. The subject's assessment reflects a market value of \$541,490 or \$169.32 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales that are located from .46 to .82 of a mile from the subject. The board of review's comparables #2 and #3 are the same properties as the appellant's comparables #1 and #2. The board of review's unique comparable has a 44,000 square foot site that is improved with a 2-story dwelling of wood siding exterior construction containing 3,576 square feet of living area. The dwelling was built in 1989. The comparable has a walkout basement, that has finished area, central air conditioning, three fireplaces and an attached 814 square foot garage. The comparable sold in October 2020 for a price of \$604,900 or \$169.16 per square foot of living area, including land. Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of four comparable sales for the Board's consideration, two of which were submitted by both parties. The Board finds none of the parties' comparables are particularly similar to the subject in dwelling style, and only the appellant's comparable #3 has a similar size dwelling but its sale occurred greater than 18 months prior to the January 1, 2020 assessment date at issue. Nevertheless, the parties' comparables sold from June 2018 to October 2020 for prices ranging from \$425,000 to \$606,000 or from \$126.63 to \$205.70 per square foot of living area, including land. The subject's assessment reflects a market value of \$541,490 or \$169.32 per square foot of living area, including land, which falls within the range established by the comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
