

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Daniel & Jane Sherlock
DOCKET NO.: 20-03911.001-R-1
PARCEL NO.: 15-28-103-023

The parties of record before the Property Tax Appeal Board are Daniel & Jane Sherlock, the appellants, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$32,840
IMPR.: \$99,813
TOTAL: \$132,653

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellants timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a tri-level dwelling of wood siding exterior construction with 1,409 square feet of living area. The dwelling was constructed in 1987. Features of the home include an unfinished basement, central air conditioning, a fireplace and an attached 420 square foot garage. The property has an 8,760 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellants contend overvaluation as the basis of the appeal. In support of this argument the appellants submitted information on five comparable sales that are located from .09 to .67 of a mile from the subject. The comparables have sites ranging in size from 8,760 to 10,760 square feet of land area that are improved with tri-level dwellings of wood siding exterior construction containing 1,409 square feet of living area. The dwellings were built in 1987 or 1989. The comparables have basements, one of which has finished area, central air conditioning and an

attached 420 square foot garage. Four comparables each have one or two fireplaces. The comparables sold from March 2019 to April 2020 for prices ranging from \$315,000 to \$400,000 or from \$223.56 to \$283.89 per square foot of living area, including land.

Based on this evidence the appellants requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$132,653. The subject's assessment reflects a market value of \$398,477 or \$282.81 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that are located from .13 to .53 of a mile from the subject. The board of review's comparable #2 is the same property as the appellants' comparable #3. The comparables have sites ranging in size from 9,000 to 11,240 square feet of land area that are improved with tri-level dwellings of wood siding exterior construction containing 1,409 square feet of living area. The dwellings were built in 1987 or 1988. The comparables have basements, one of which has finished area, central air conditioning and an attached 420 square foot garage. Three comparables each have a fireplace. The comparables sold from March 2019 to October 2020 for prices ranging from \$400,000 to \$423,500 or from \$283.89 to \$300.57 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellants contend the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellants did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales for the Board's consideration, one of which was submitted by both parties. The Board gives less weight to the appellants' comparable #4, as well as the board of review's comparable #3, due to their finished basement area when compared to the subject. The Board finds the parties' remaining comparables are similar to the subject in location, style, age, size and features. The best comparables sold from March 2019 to April 2020 for prices ranging from \$315,000 to \$412,000 or from \$223.56 to \$292.41 per square foot of living area, including land. The subject's assessment reflects a market value of \$398,477 or \$282.81 per square foot of living area, including land, which falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
