

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Radoslaw Mazur  
DOCKET NO.: 20-03914.001-R-1  
PARCEL NO.: 15-28-211-013

The parties of record before the Property Tax Appeal Board are Radoslaw Mazur, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$36,463  
**IMPR.:** \$111,856  
**TOTAL:** \$148,319

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,096 square feet of living area. The dwelling was constructed in 1988. Features of the home include a full basement, that has finished area, central air conditioning, a fireplace, an attached 440 square foot garage and a hot tub. The property has an 8,750 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales that are located from .11 to .40 of a mile from the subject. The comparables have sites ranging in size from 8,840 to 13,340 square feet of land area that are improved with 2-story dwellings of wood siding exterior construction containing 2,096 square feet of living area. The dwellings were built in 1987 or 1988. The comparables have full basements, one of which has finished area, central air conditioning, a

fireplace and a 440 square foot garage. The comparables sold from January to June 2019 for prices ranging from \$370,000 to \$449,000 or from \$176.53 to \$214.22 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$148,319. The subject's assessment reflects a market value of \$445,536 or \$212.56 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales that are located from .28 to .40 of a mile from the subject. The board of review's comparables #1 and #2 are the same properties as the appellant's comparables #5 and #3. The comparables have sites ranging in size from 8,760 to 13,340 square feet of land area that are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,096 to 2,279 square feet of living area. The dwellings were built from 1986 to 1988. The comparables have unfinished full basements, central air conditioning, a fireplace and an attached 440 or 483 square foot garage. The comparables sold from January 2019 to October 2020 for prices ranging from \$445,000 to \$505,000 or from \$207.21 to \$221.59 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales for the Board's consideration, two of which were submitted by both parties. The Board finds each of the parties' comparables are similar to the subject in location, style, age, size and many features. However, only the appellant's comparable #4 has finished basement area like the subject. Nevertheless, the parties' comparables sold from January 2019 to October 2020 for prices ranging from \$370,000 to \$505,000 or from \$176.53 to \$221.59 per square foot of living area, including land. The subject's assessment reflects a market value of \$445,536 or \$212.56 per square foot of living area, including land, which falls within the range established by the comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
