

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Tom Klimek  
DOCKET NO.: 20-03939.001-R-1  
PARCEL NO.: 15-20-207-003

The parties of record before the Property Tax Appeal Board are Tom Klimek, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$37,073  
**IMPR.:** \$130,777  
**TOTAL:** \$167,850

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of frame construction with 2,571 square feet of living area. The dwelling was constructed in 1989. Features of the home include a basement, that has finished area, central air conditioning, a fireplace and an attached 460 square foot garage. The property has an 8,896 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales that are located from .08 to .79 of a mile from the subject. The comparables have sites ranging in size from 8,750 to 18,257 square feet of land area that are improved with 2-story dwellings of frame construction ranging in size from 2,322 to 2,794 square feet of living area. The dwellings were built in 1989 or 1991. The comparables have basements, three of which have finished area, central air conditioning and an

attached garage ranging in size from 420 to 462 square feet of building area. Two comparables each have a fireplace. The comparables sold from June to December 2019 for prices ranging from \$425,000 to \$517,500 or from \$169.97 to \$185.22 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$167,850. The subject's assessment reflects a market value of \$504,205 or \$196.11 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales that are located from .65 to .84 of a mile from the subject. The comparables have sites ranging in size from 10,466 to 15,484 square feet of land area that are improved with 2-story dwellings of frame construction containing 2,571 or 2,761 square feet of living area. The dwellings were built in 1987 or 1990. The comparables have basements, each of which have finished area, central air conditioning, a fireplace and an attached 460 or 759 square foot garage. The comparables sold from June to September 2019 for prices ranging from \$502,500 to \$555,000 or from \$195.45 to \$213.92 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of eight comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3, due to their lack of finished basement area when compared to the subject. The Board finds the parties' remaining comparables are similar to the subject in location, style, age, size and most features. The best comparables sold from June to September 2019 for prices ranging from \$430,000 to \$555,000 or from \$176.97 to \$213.92 per square foot of living area, including land. The subject's assessment reflects a market value of \$504,205 or \$196.11 per square foot of living area, including land, which falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
