

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Suzan Amdur
DOCKET NO.: 20-03943.001-R-1
PARCEL NO.: 15-19-103-028

The parties of record before the Property Tax Appeal Board are Suzan Amdur, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$60,240
IMPR.: \$144,856
TOTAL: \$205,096

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame construction with 3,970 square feet of living area. The dwelling was constructed in 1990. Features of the home include an unfinished basement, central air conditioning, two fireplaces and an attached 1,145 square foot garage. The property has a 70,576 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that are located from .10 to .17 of a mile from the subject. The comparables have sites ranging in size from 52,956 to 60,505 square feet of land area that are improved with 2-story dwellings of frame or brick construction ranging in size from 3,444 to 4,516 square feet of living area. The dwellings were built from 1990 to 1998. The comparables have basements, three of which have finished area, central air

conditioning, one or two fireplaces, and an attached garage ranging in size from 722 to 816 square feet of building area. One comparable has a swimming pool. The comparables sold from April 2018 to September 2019 for prices ranging from \$517,000 to \$635,000 or from \$140.61 to \$160.39 per square foot of living area, including land.

Based on this evidence the appellant requested that the subject's assessment be reduced to \$205,096, which reflects a market value of \$616,089 or \$155.19 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$213,097. The subject's assessment reflects a market value of \$640,123 or \$161.24 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales. The board of review's comparables #1, #2 and #3, are the same properties as the appellant's comparables #4, #3 and #2, respectively.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of four comparable sales for the Board's consideration, three of which were submitted by both parties. The Board finds each of the parties' comparables, which includes the parties' common comparables, are similar to the subject in location, style and some features. However, three of the parties' comparables have finished basement area and one comparable has a swimming pool, unlike the subject. In addition, two comparables have sale dates occurring greater than 13 months prior to the January 1, 2020 assessment date at issue. Nevertheless, the parties' comparables sold from April 2018 to September 2019 for prices ranging from \$517,000 to \$635,000 or from \$140.61 to \$160.39 per square foot of living area, including land. The subject's assessment reflects a market value of \$640,123 or \$161.24 per square foot of living area, including land, which falls above the range established by the comparables in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is excessive. Based on this evidence the Board finds a reduction in the subject's assessment commensurate with the appellant's request is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
