

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: William Ebner
DOCKET NO.: 20-03944.001-R-1
PARCEL NO.: 15-18-401-050

The parties of record before the Property Tax Appeal Board are William Ebner, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$50,185
IMPR.: \$124,588
TOTAL: \$174,773

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick and wood siding exterior construction with 2,771 square feet of living area. The dwelling was constructed in 2006. Features of the home include an unfinished basement, central air conditioning, a fireplace and an attached 624 square foot garage. The property has an approximately 23,520 square foot site and is located in Long Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on our comparable sales that are located from 4.89 to 5.52 miles from the subject. The comparables have sites ranging in size from 10,454 to 15,825 square feet of land area that are improved with 1-story dwellings of frame exterior construction containing 2,236 or 2,390 square feet of living area. The dwellings were built from 1995 to 2001. The comparables have unfinished basements, central air conditioning, a fireplace and a 468 or 506

square foot garage. The comparables sold from May 2019 to January 2020 for prices ranging from \$470,000 to \$560,000 or from \$196.65 to \$250.45 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$188,118. The subject's assessment reflects a market value of \$565,089 or \$203.93 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales that are located from .11 of a mile to 5.53 miles from the subject. The board of review's comparables #2 and #3 are the same properties as the appellant's comparables #2 and #4. The comparables have sites ranging in size from 10,450 to 20,470 square feet of land area that are improved with 1-story dwellings of wood siding exterior construction ranging in size from 2,236 to 2,420 square feet of living area. The dwellings were built from 1995 to 2003. The comparables have basements, one of which has finished area, central air conditioning, a fireplace and an attached garage ranging in size from 468 to 529 square foot of building area. The comparables sold from June to December 2019 for prices ranging from \$500,000 to \$560,000 or from \$209.21 to \$250.45 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The parties submitted a total of five comparable sales for the Board's consideration, two of which were submitted by both parties. The Board initially finds four of the parties' comparables are located over 4 miles from the subject and each comparable has a considerably smaller dwelling, when compared to the subject. Nevertheless, the parties' comparables sold from May 2019 to January 2020 for prices ranging from \$470,000 to \$560,000 or from \$196.65 to \$250.45 per square foot of living area, including land. The subject's assessment reflects a market value of \$565,089 or \$203.93 per square foot of living area, including land, which falls above the range established by the comparables in the record on a total market value basis but within the range on a per square foot basis. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is excessive. Based on this evidence the Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
