

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Dolores Wierz
DOCKET NO.: 20-03956.001-R-1
PARCEL NO.: 15-24-109-034

The parties of record before the Property Tax Appeal Board are Dolores Wierz, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$62,697
IMPR.: \$142,299
TOTAL: \$204,996

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,150 square feet of living area. The dwelling was constructed in 1973. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 648 square foot garage. The property has an approximately 20,040 square foot site and is located in Lincolnshire, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales on two grids that are located within 0.46 of a mile from the subject property.¹ The comparables have sites that range in size from

¹ The sale prices reported by the appellant in the two separate grids for comparable #3 show a sale date of February 2020 and two different sale prices of \$180,000 and \$486,500. The Board finds the sale price of \$486,500 to be in line with the other comparable sales submitted by the appellant.

20,038 to 21,344 square feet of land area and are improved with 2-story dwellings of frame or brick and frame exterior construction that range in size from 2,684 to 2,883 square feet of living area. The dwellings were built from 1966 to 1971 with the oldest dwelling having an effective age of 1971. Each comparable has a basement, two with finished area, central air conditioning, one fireplace and a garage ranging in size from 483 to 600 square feet of building area. The properties sold from March 2019 to February 2020 for prices ranging from \$413,000 to \$510,000 or from \$143.25 to \$180.85 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$176,382 which reflects a market value of \$529,199 or \$168.00 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$204,996. The subject's assessment reflects a market value of \$615,789 or \$195.49 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.94 of a mile from the subject property. The comparables have sites that range in size from 20,040 to 37,030 square feet of land area and are improved with a 1.5-story or a 2-story dwelling of brick or wood siding exterior construction that range in size from 2,730 to 3,319 square feet of living area. The homes were built from 1963 to 1976 with comparables #2 and #3 having effective ages of 1971 and 1975, respectively. Four comparables have a basement, with two having finished area, and one comparable has a crawl space foundation. Each comparable has central air conditioning, one or two fireplaces and a garage ranging in size from 456 to 667 square feet of building area. The properties sold from July 2019 to October 2020 for prices ranging from \$610,000 to \$750,000 or from \$189.45 to \$274.73 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted nine comparable sales for the Board's consideration. The Board gives less weight to appellant comparables #2 and #3 along with board of review comparables #1, #4 and #5 which have finished basement area and/or a crawl space foundation in contrast to the subject's unfinished basement.

The Board finds the best evidence of market value to be appellant comparables #1 and #4 and board of review comparables #2 and #3 which are more similar to the subject in location, age/effective age, design, site size, dwelling size and other features. These comparables sold

from March to October 2019 for prices ranging from \$413,000 to \$750,000 or from \$143.25 to \$274.73 per square foot of living area, including land. The subject's assessment reflects a market value of \$615,789 or \$195.49 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
