

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ganapathi Shankar
DOCKET NO.: 20-03959.001-R-1
PARCEL NO.: 15-30-407-021

The parties of record before the Property Tax Appeal Board are Ganapathi Shankar, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,370
IMPR.: \$96,284
TOTAL: \$126,654

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,212 square feet of living area. The dwelling was constructed in 1978. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 506 square foot garage. The property has an approximately 6,360 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales located within 0.15 of a mile from the subject property. The comparables have sites that range in size from 6,080 to 10,610 square feet

of land area and are improved with a one-story¹ or a two-story dwelling of wood siding exterior construction that range in size from 1,940 to 2,212 square feet of living area. The dwellings were built in 1976 or 1978. Each comparable has a basement, two with finished area, central air conditioning and a garage ranging in size from 506 to 649 square feet of building area. Two comparables each have one fireplace. The properties sold from January to September 2019 for prices ranging from \$290,000 to \$400,000 or from \$140.03 to \$180.83 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$114,808 which reflects a market value of \$344,458 or \$155.72 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$126,654. The subject's assessment reflects a market value of \$380,457 or \$172.00 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.16 of a mile from the subject property. Board of review comparable #3 is the same property as the appellant's comparable #4. The comparables have sites that range in size from 6,360 to 9,610 square feet of land area and are improved with a one-story² or a two-story dwelling of wood siding exterior construction that range in size from 1,940 to 2,212 square feet of living area. The homes were built from 1976 to 1978. Each comparable has a basement, three with finished area, central air conditioning and a garage ranging in size from 506 to 649 square feet of building area. Four comparables each have one fireplace. The properties sold from July 2019 to December 2020 for prices ranging from \$388,000 to \$415,000 or from \$180.83 to \$213.92 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight comparable sales for the Board's consideration, as one property was common to both parties. The Board gives less weight to appellant comparables #1 and #2 along

¹ Appellant comparables #2 and #3 are reported in the grid to be one-story dwellings. However, each of these comparables has ground floor area of 660 square feet with above ground area of 2,071 square feet, suggesting these are part two-story dwellings.

² Board of review comparables #2 and #4 are reported to be one-story dwellings. However, each of these comparables has ground floor area of 660 square feet with above ground area of 2,071 square feet, suggesting these are part two-story dwellings.

with board of review comparables #2, #4 and #5 which have finished basements in contrast with the subject's unfinished basement.

The Board finds the best evidence of market value to be appellant comparables #3 and #4 and board of review comparables #1 and #3, including the common property, which are more similar to the subject in location, age, dwelling size and other features. These comparables sold from January 2019 to April 2020 for prices ranging from \$312,500 to \$401,000 or from \$150.89 to \$181.28 per square foot of living area, including land. The subject's assessment reflects a market value of \$380,457 or \$172.00 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
