

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Marc Poncher
DOCKET NO.: 20-03966.001-R-1
PARCEL NO.: 15-32-203-013

The parties of record before the Property Tax Appeal Board are Marc Poncher, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$30,868
IMPR.: \$79,478
TOTAL: \$110,346

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a one-story dwelling of wood siding exterior construction with 1,614 square feet of living area. The dwelling was constructed in 1970. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 442 square foot garage. The property has an approximately 8,910 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.43 of a mile from the subject property. The comparables have sites that range in size from 8,770 to 12,020 square feet of land area and are improved with one-story dwellings of wood siding exterior construction each with 1,614 square feet of living area. The dwellings were built in 1969 or 1970. Each comparable has a basement, one with finished area, central air conditioning and a 442 square

foot garage. One comparable has a fireplace. The properties sold from January 2019 to February 2020 for prices ranging from \$260,000 to \$310,000 or from \$161.09 to \$192.07 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$94,959 which reflects a market value of \$284,905 or \$176.52 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$110,346. The subject's assessment reflects a market value of \$331,469 or \$205.37 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue. In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.67 of a mile from the subject property. The comparables have sites that range in size from 8,770 to 11,030 square feet of land area and are improved with one-story dwellings of wood siding exterior construction each with 1,614 square feet of living area. The homes were built from 1969 to 1972. Two comparables have a basement, one of which has finished area, and three comparables have a crawl space foundation. Each comparable has central air conditioning and a 442 square foot garage while two comparables each have one fireplace. The properties sold from April 2019 to August 2020 for prices ranging from \$349,000 to \$372,000 or from \$216.23 to \$230.48 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted eight comparable sales for the Board's consideration. The Board gives less weight to appellant comparable #2 and board of review comparables #1, #2, #3 and #5 which have either a finished basement or a crawl space foundation in contrast to the subject's unfinished basement.

The Board finds the best evidence of market value to be appellant comparables #1 and #3 along with board of review comparable #4 which are more similar to the subject in location, age, design, dwelling size, unfinished basement and other features. These comparables sold in January or April 2019 for prices ranging from \$260,000 to \$372,000 or from \$161.09 to \$230.48 per square foot of living area, including land. The subject's assessment reflects a market value of \$331,469 or \$205.37 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
