

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Patty Mix
DOCKET NO.: 20-03973.001-R-1
PARCEL NO.: 15-32-205-013

The parties of record before the Property Tax Appeal Board are Patty Mix, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$28,071
IMPR.: \$109,415
TOTAL: \$137,486

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,500 square feet of living area. The dwelling was constructed in 1970. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 440 square foot garage. The property has an approximately 9,330 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales located within 0.47 of a mile from the subject property. The comparables have sites with either 8,340 or 8,770 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that have 2,136 or 2,598 square feet of living area. The dwellings were built in 1970 or 1972 with comparable #1 having an effective year built of 1974. Each comparable has an unfinished basement, central

air conditioning, one fireplace and a 440 square foot garage. The properties sold from September 2019 to July 2020 for prices ranging from \$307,000 to \$440,000 or from \$143.73 to \$169.36 per square foot of living area, land included. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$122,895 which reflects a market value of \$368,722 or \$147.49 per square foot of living area, land included, when applying the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$137,486. The subject's assessment reflects a market value of \$412,995 or \$165.20 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 0.78 of a mile from the subject property. Board of review comparable #1 is the same property as the appellant's comparable #1. The comparables have sites that range in size from 6,000 to 11,400 square feet of land area and are improved with two-story dwellings of wood siding exterior construction that range in size from 2,136 to 2,598 square feet of living area. The homes were built from 1969 to 1987 with comparable #1 having an effective year built of 1974. Each comparable has an unfinished basement, central air conditioning, one fireplace and either a 420 or 440 square foot garage. The properties sold from June 2019 to July 2020 for prices ranging from \$385,000 to \$450,000 or from \$169.36 to \$194.46 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparable sales for the Board's consideration, as one property was common to both parties. The Board gives less weight to board of review comparables #2, #4 and #5 which are dissimilar in site size and/or age when compared to the subject and other properties in the record.

The Board finds the best evidence of market value to be the appellant's three comparables along with board of review comparables #1 and #3, including the common property. These four properties are more similar to the subject in location, age, site size and design, although each has an unfinished basement in contrast to the subject's finished basement and three of the four homes are smaller in dwelling size when compared to the subject. This suggests that upward adjustments are needed to make these comparables more equivalent to the subject. These best comparables sold from September 2019 to July 2020 for prices ranging from \$307,000 to \$440,000 or from \$143.73 to \$180.24 per square foot of living area, including land. The

subject's assessment reflects a market value of \$412,995 or \$165.20 per square foot of living area, including land, which falls within the range established by the best comparable sales in this record. After considering appropriate adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
