

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Moira Bowne  
DOCKET NO.: 20-04007.001-R-1  
PARCEL NO.: 16-29-313-002

The parties of record before the Property Tax Appeal Board are Moira Bowne, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$45,828  
**IMPR.:** \$64,753  
**TOTAL:** \$110,581

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a one-story dwelling of brick exterior construction with 1,337 square feet of living area. The dwelling was constructed in 1955. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 322 square foot attached garage. The property has a 7,380 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .73 of a mile from the subject property. The comparables have sites that range in size from 6,530 to 17,320 square feet of land area. The comparables are improved with one-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 1,365 to 1,579 square feet of living area. The

dwellings were built from 1949 to 1954 with comparable #1 having a reported effective age of 1969. One comparable has a crawl space foundation and four comparables each have a basement, two of which are finished with a recreation room. Each comparable has central air conditioning and three comparables each have one fireplace. Two comparables each have either a 286 or a 300 square foot attached garage and four comparables each have a detached garage ranging in size from 400 to 672 square feet of building area. The comparables sold from June 2019 to March 2020 for prices ranging from \$250,000 to \$337,500 or from \$181.38 to \$216.90 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$92,382, which would reflect a market value of \$277,174 or \$207.31 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$110,581. The subject's assessment reflects a market value of \$332,175 or \$248.45 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on three comparable sales with the same assessment neighborhood code as the subject and located within .54 of a mile from the subject property. The comparables have sites ranging in size from 6,250 to 12,000 square feet of land area. The comparables are improved with one-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 1,014 to 1,332 square feet of living area. The dwellings were built from 1950 to 1958. The comparables each have a basement, one of which is finished with a recreation room. Each comparable has central air conditioning and one comparable has two fireplaces. One comparable has a 240 square foot attached garage and two comparables each have a detached garage with either 480 or 535 square feet of building area. The comparables sold from January 2019 to April 2020 for prices ranging from \$342,500 to \$384,990 or from \$262.76 to \$337.77 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparable #1 due to its dissimilar crawl space foundation when compared to the subject's basement foundation. The Board has also given less weight to the appellant's comparables #2, #3 and #5, as well as board of review comparable #1 due to differences from the subject in dwelling size.

The Board finds the best evidence of market value to be the appellant's comparable #4, along with board of review comparables #2 and #3, which are similar to the subject in location, dwelling size, design, age and some features. These three comparables sold from January 2019 to April 2020 for prices ranging from \$250,000 to \$384,990 or from \$183.15 to \$313.77 per square foot of living area, including land. The subject's assessment reflects a market value of \$332,175 or \$248.45 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
