

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Neil Meltzer
DOCKET NO.: 20-04025.001-R-1
PARCEL NO.: 16-21-404-010

The parties of record before the Property Tax Appeal Board are Neil Meltzer, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$43,175
IMPR.: \$130,094
TOTAL: \$173,269

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a part one-story and part two-story¹ dwelling of brick exterior construction with 3,058 square feet of living area. The dwelling was constructed in 1968. Features of the home include a partial basement, central air conditioning, a fireplace and a 506 square foot attached garage. The property has a 9,460 square foot site and is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .37 of a mile from the subject property. The comparables have sites that range in size from 7,300 to 12,150 square feet of land area. The

¹ The Board finds the best description of the subject is found in the property record card provided by the board of review which depicts a part one-story and part two-story dwelling with a partial basement.

appellant reported the comparables are improved with one-story² or two-story dwellings of brick, wood siding or brick and wood siding exterior construction containing 2,516 or 2,845 square feet of living area. The dwellings were built from 1967 to 1976. Each comparable has a full or partial basement, central air conditioning and an attached garage ranging in size from 378 to 540 square feet of building area. Four comparables each have one fireplace. The comparables sold from January to April 2020 for prices ranging from \$384,000 to \$420,000 or from \$147.63 to \$160.97 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$150,694, which would reflect a market value of \$452,127 or \$147.85 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$173,269. The subject's assessment reflects a market value of \$520,484 or \$170.20 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .77 of a mile from the subject property. The comparables have sites that range in size from 7,370 to 12,560 square feet of land area. The board of review reported the comparables are improved with one-story³ or two story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 2,393 to 2,961 square feet of living area. The dwellings were built from 1952 to 1978 with comparable #1 having a reported effective age of 1975. One comparable has a finished lower level and four comparables each have a full or partial basement, one of which has finished area. Each comparable has central air conditioning and an attached garage ranging in size from 420 to 506 square feet of building area. Four comparable each have one fireplace. Comparable #1 also has an additional 528 square foot detached garage. The comparables sold from September 2019 to November 2020 for prices ranging from \$462,000 to \$535,000 or from \$178.99 to \$217.30 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

² The appellant's comparable #3 has a ground floor area of 1,026 square feet with an above ground area of 2,845 square feet, suggesting the dwelling is part two-story in design.

³ The board of review's comparable #2 has a ground floor area of 903 square feet with an above ground area of 2,961 square feet, suggesting the dwelling is part two-story in design.

The record contains ten suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #1, #2 and #4, as well as board of review comparables #1, #3 and #5 due to their smaller dwelling sizes when compared to the subject. Furthermore, board of review comparables #1 and #3 have finished basements and/or an additional detached garage, unlike the subject.

The Board finds the best evidence of market value to be parties' remaining comparables which are similar to the subject in location, dwelling size, age and some features. These comparables sold from September 2019 to November 2020 for prices ranging from \$415,000 to \$530,000 or from \$147.63 to \$190.39 per square foot of living area, including land. The subject's assessment reflects a market value of \$520,484 or \$170.20 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
