

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lee Guthman
DOCKET NO.: 20-04026.001-R-1
PARCEL NO.: 16-20-401-015

The parties of record before the Property Tax Appeal Board are Lee Guthman, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$55,547
IMPR.: \$111,130
TOTAL: \$166,677

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,632 square feet of living area. The dwelling was constructed in 1972. Features of the home include a partial basement, central air conditioning, a fireplace and a 462 square foot garage. The property is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .42 of a mile from the subject property. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,714 to 2,991 square feet of living area. The dwellings were built from 1966 to 1969. One comparable has a crawl space foundation and four comparables each have a partial basement. Each comparable has central air conditioning, a fireplace and a

garage ranging in size from 440 to 552 square feet of building area. The comparables sold from March 2019 to June 2020 for prices ranging from \$465,000 to \$540,000 or from \$160.48 to \$193.34 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$155,456, which would reflect a market value of \$466,415 or \$177.21 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$166,677. The subject's assessment reflects a market value of \$500,682 or \$190.23 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .42 of a mile from the subject property, where board of review comparables #1 and #3 are the same properties as the appellant's comparables #2 and #3, respectively. The comparables are improved with one-story¹ or two-story dwellings of brick, wood siding or brick and wood siding exterior construction ranging in size from 2,360 to 2,911 square feet of living area. The dwellings were built from 1966 to 1978. One comparable has a crawl space foundation and four comparables each have a full or partial basement. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 420 to 552 square feet of building area. The comparables sold from March 2019 to June 2020 for prices ranging from \$459,750 to \$540,000 or from \$175.20 to \$194.81 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable sales for the Board's consideration, as two sales were common to the parties. The Board has given less weight to the appellant's comparables #1 and #3/board of review comparable #3, along with board of review comparable #5 due to differences from the subject in dwelling size.

The Board finds the best evidence of market value to be the parties' five remaining comparable sales, including one common sale, which are similar to the subject in location, dwelling size, age and some features. The comparables sold from March 2019 to June 2020 for prices ranging from \$465,000 to \$540,000 or from \$171.33 to \$193.34 per square foot of living area, including land.

¹ The board of review's comparable #4 has a ground floor area of 1,014 square feet with an above ground area of 2,800 square feet, suggesting the dwelling is part two-story in design.

The subject's assessment reflects a market value of \$500,682 or \$190.23 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record both in terms of overall market value and on a price per square foot basis. Based on this record and after considering adjustments to the best comparables for differences from the subject, the Board finds no reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
