

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sharon Noskin
DOCKET NO.: 20-04027.001-R-1
PARCEL NO.: 16-20-403-032

The parties of record before the Property Tax Appeal Board are Sharon Noskin, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds ***a reduction*** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$57,787
IMPR.: \$116,981
TOTAL: \$174,768

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and wood siding exterior construction with 2,989 square feet of living area. The dwelling was constructed in 1968. Features of the home include a basement, central air conditioning, a fireplace and a 483 square foot garage. The property has a 12,080 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .27 of a mile from the subject property. The comparables have sites that range in size from 12,240 to 20,090 square feet of land area. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,714 to 3,255 square feet of living area. The dwellings were

built from 1966 to 1970. One comparable has a crawl space foundation and four comparables each have a basement. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 440 to 552 square feet of building area. The comparables sold from May 2019 to June 2020 for prices ranging from \$465,000 to \$530,000 or from \$160.48 to \$190.20 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$162,073, which would reflect a market value of \$486,268 or \$162.69 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$185,614. The subject's assessment reflects a market value of \$557,567 or \$186.54 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales with the same assessment neighborhood code as the subject and located within .22 of a mile from the subject property. Three comparables have sites that range in size from 12,000 to 15,000 square feet of land area. No site size was provided for comparable #2. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 2,793 to 3,651 square feet of living area. The dwellings were built from 1966 to 1970. The comparables each have a basement, one of which has finished area. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 484 to 550 square feet of building area. The comparables sold from March 2019 to January 2021 for prices ranging from \$540,000 to \$725,000 or from \$185.11 to \$219.39 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains nine suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparable #3 due to its dissimilar crawl space foundation when compared to the subject's basement foundation. The Board has given reduced weight to board of review comparables #1 and #3 due to their larger dwelling sizes and/or finished basements when compared to the subject. The Board has also given reduced weight to board of review comparable #2 as its sale occurred 13 months after the assessment date at issued, and thus is less likely to be indicative of the subject's market value as of January 1, 2020.

The Board finds the best evidence of market value to be the appellant's comparables #1, #2, #4 and #5, along with board of review comparable #4, which sold more proximate in time to the

assessment date at issue and are similar to the subject in location, dwelling size, design, age and some features. These comparables sold from March 2019 to June 2020 or for prices ranging from \$465,000 to \$540,000 or from \$160.48 to \$193.34 per square foot of living area, including land. The subject's assessment reflects a market value of \$557,567 or \$186.54 per square foot of living area, including land, which is greater than the best comparable sales in the record in terms of overall market value but within the range of the best sales on a price per square foot basis. However, after considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is excessive. Therefore, based on this record the Board finds a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
