

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Luba Lipkin  
DOCKET NO.: 20-04048.001-R-1  
PARCEL NO.: 15-33-404-149

The parties of record before the Property Tax Appeal Board are Luba Lipkin, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$22,088  
**IMPR.:** \$59,043  
**TOTAL:** \$81,131

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a 2-story dwelling of wood siding exterior construction with 1,320 square feet of living area. The dwelling was constructed in 1984. Features of the home include a slab foundation, central air conditioning, and a 420 square foot garage. The property has an approximately 6,100 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located within 0.47 of a mile from the subject. The comparables have sites that range in size from 1,930 to 4,550 square feet of land area. The comparables are improved with 1-story or 2-story dwellings of wood siding exterior construction with 1,327 or 1,334 square feet of living area. The dwellings were built from 1987 to 1989. One comparable has an unfinished basement and four comparables each have a

concrete slab foundation. Each comparable has central air conditioning and a garage with 342 or 400 square feet of building area. Three comparables each have one fireplace. The properties sold from May 2019 to January 2020 for prices ranging from \$200,500 to \$230,000 or from \$151.09 to \$173.32 per square foot of living area, land included. Based on this evidence, the appellant requested an assessment reduction.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$81,131. The subject's assessment reflects a market value of \$243,710 or \$184.63 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within 0.20 of a mile from the subject. The comparables have sites that range in size from 4,740 to 7,160 square feet of land area. These comparables are improved with 2-story dwellings of wood siding exterior construction with 1,320 or 1,365 square feet of living area. The dwellings were built in 1984 or 1985. Each comparable has a concrete slab foundation, central air conditioning and a 420 square foot garage. Two comparables each have one fireplace. The properties sold from May 2019 to November 2020 for prices ranging from \$257,000 to \$298,000 or from \$194.70 to \$225.76 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be sustained.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains ten suggested comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparable #5 which has a 1-story design and a basement, unlike the subject.

The Board finds the best evidence of market value to be the parties' nine remaining comparables which are similar to the subject in location, age, dwelling size, foundation type, and other features. The properties sold from May 2019 to November 2020 for prices ranging from \$200,500 to \$298,000 or from \$151.09 to \$225.76 per square foot of living area, land included. The subject's assessment reflects a market value of \$243,710 or \$184.63 per square foot of living area, land included, which falls within the range established by the best comparables sales in the record. Based on the record, the Board finds a reduction in the subject's estimated market value as reflected by its assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
