

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Harish Bharathan
DOCKET NO.: 20-04060.001-R-1
PARCEL NO.: 15-21-219-116

The parties of record before the Property Tax Appeal Board are Harish Bharathan, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$26,546
IMPR.: \$108,945
TOTAL: \$135,491

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 1,983 square feet of living area. The dwelling was built in 2013. Features of the home include an unfinished basement, central air conditioning, and a 420 square foot garage. The property is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located within 0.29 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding and brick exterior construction ranging in size from 1,784 to 2,286 square feet of living area. The dwellings were built from 2006 to 2012. Each comparable has a basement with one having finished area, central air conditioning, a garage with 420 or 483 square feet of building area. One comparable has one fireplace. The properties sold from April 2019 to April 2020 for prices

ranging from \$322,000 to \$489,000 or from \$180.49 to \$219.17 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$135,491. The subject's assessment reflects a market value of \$407,002 or \$205.25 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located within 0.20 of a mile from the subject. Board of review comparable #3 is the same property as the appellant's comparable #3. The comparables are improved with 2-story dwellings of brick or wood siding and brick exterior construction with 1,784 or 1,983 square feet of living area. The dwellings were built from 2006 to 2013. Each comparable has a basement with one having finished area, central air conditioning, and a garage with 420 square feet of building area. The properties sold from April to July 2020 for prices ranging from \$405,000 to \$421,000 or from \$209.28 to \$229.82 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable sales for the Board's consideration, which includes one common comparable. The Board gives less weight to the appellant's comparable #2 and board of review comparable #1 which have basement finish, a feature the subject lacks.

The Board finds the best evidence of market value to be the parties' six remaining comparables, including the parties' common comparable. These comparables are similar to the subject in location, design, age, dwelling size, and other features. The properties sold from April 2019 to July 2020 for prices ranging from \$322,000 to \$489,000 or from \$180.49 to \$227.02 per square foot of living area, land included. The subject's assessment reflects a market value of \$407,002 or \$205.25 per square foot of living area, land included, which falls within the range established by the best comparable sales in the record. Based on the record, the Board finds a reduction in the subject's estimated market value as reflected by its assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
