

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Yohan Kim  
DOCKET NO.: 20-04070.001-R-1  
PARCEL NO.: 15-17-404-018

The parties of record before the Property Tax Appeal Board are Yohan Kim, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$41,974  
**IMPR.:** \$146,024  
**TOTAL:** \$187,998

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property is improved with a two-story dwelling of wood siding exterior construction built in 1988 that contains 3,378 square feet of living area. Features of the home include a full basement with a 1,034 square foot recreation room, central air conditioning, one fireplace and an attached garage with 405 square feet of building area. The property has a 10,440 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on three comparable sales improved with two-story dwellings of wood siding exterior construction each with 3,378 square feet of living area. The homes were built in 1988 and 1989. Each comparable has a full basement with one having finished area, central air conditioning, and an attached garage with 405 square feet of building area. Two comparables each have one fireplace. These properties have sites ranging in size from 13,120 to

16,520 square feet of land area and are located within approximately .23 of one mile from the subject property. The sales occurred from March 2019 to June 2020 for prices ranging from \$490,000 to \$530,000 or from \$145.06 to \$156.90 per square foot of living area, including land. The appellant requested the total assessment be reduced to \$168,771.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$187,998. The subject's assessment reflects a market value of \$564,728 or \$167.18 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales with comparable #5 being the same property as appellant's comparable #2. The comparables are improved with two-story dwellings of wood siding or wood siding and brick exterior construction that range in size from 3,378 to 3,562 square feet of living area. The homes were constructed from 1988 to 1991. Each comparable has a full basement with one having finished area, central air conditioning, one fireplace and an attached garage ranging in size from 405 to 781 square feet of building area. These properties have sites ranging in size from 10,430 to 22,760 square feet of land area and are located from approximately .06 to .50 of one mile from the subject property. The sales occurred from August 2019 to September 2020 for prices ranging from \$530,000 to \$625,000 or from \$156.90 to \$182.06 per square foot of living area, including land.

#### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparable sales submitted by the parties to support their respective positions with one comparable common to the parties. The comparables are similar to the subject in location and improved with homes similar to the subject in age, size and most features with the exception that five comparables have no finished basement area, unlike the subject property that has a basement recreation room, and one comparable has no fireplace, a feature of the subject property, suggesting these comparables would require upward adjustments to make them more equivalent to the subject property for these attributes. The comparables sold for prices ranging from \$490,000 to \$625,000 or from \$145.06 to \$182.06 per square foot of living area, including land. The subject's assessment reflects a market value of \$564,728 or \$167.18 per square foot of living area, including land, which is within the range established by the comparable sales in this record. Based on this evidence the Board finds the assessment of the subject property as established by the board of review is correct.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
