

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Sri Gowri Ravipudi
DOCKET NO.: 20-04093.001-R-1
PARCEL NO.: 15-17-403-009

The parties of record before the Property Tax Appeal Board are Sri Gowri Ravipudi, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$46,623
IMPR.: \$134,959
TOTAL: \$181,582

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,405 square feet of living area. The dwelling was built in 1988. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a 405 square foot garage. The property has an approximately 11,030 square foot site and is located in Buffalo Grove, Vernon Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located within 0.61 of a mile from the subject property. The comparables have sites that range in size from 12,200 to 16,520 square feet of land area. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 3,378 to 3,453 square feet of living area. The dwellings were built from 1988 to 1991. Each comparable has a basement with one having finished area, central

air conditioning, and a garage with 405 or 781 square feet of building area. Four comparables each have one fireplace. The properties sold from March 2019 to July 2020 for prices ranging from \$473,000 to \$557,000 or from \$138.91 to \$161.31 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$181,582. The subject's assessment reflects a market value of \$545,455 or \$160.19 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located within 0.61 of a mile from the subject. Board of review comparable #1 is the same property as the appellant's comparable #5. The comparables have sites that range in size from 10,430 to 22,760 square feet of land area. The comparables are improved with 2-story dwellings of wood siding or brick and wood siding exterior construction ranging in size from 3,378 to 3,562 square feet of living area. The dwellings were built from 1988 to 1991. Each comparable has a basement with one having finished area, central air conditioning, one fireplace, and a garage ranging in size from 405 to 781 square feet of building area. The properties sold from August 2019 to September 2020 for prices ranging from \$557,000 to \$625,000 or from \$161.31 to \$182.06 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable sales for the Board's consideration, including one comparable common to both parties. The Board finds the comparables to be similar to the subject in location, design, age, dwelling size, and most features, except six of these comparables lack basement finish, a feature of the subject. The properties sold from March 2019 to September 2020 for prices ranging from \$473,000 to \$625,000 or from \$138.91 to \$182.06 per square foot of living area, land included. The subject's assessment reflects a market value of \$545,455 or \$160.19 per square foot of living area, land included, which falls within the range established by the comparable sales in the record. Based on the record and after considering adjustments to the comparables for differences from the subject, the Board finds a reduction in the subject's estimated market value as reflected by its assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
