

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Taher Sobhy  
DOCKET NO.: 20-04095.001-R-1  
PARCEL NO.: 16-05-405-036

The parties of record before the Property Tax Appeal Board are Taher Sobhy, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$93,426  
**IMPR.:** \$146,550  
**TOTAL:** \$239,976

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 2-story dwelling of brick exterior construction with 2,969 square feet of living area. The dwelling was built in 1986. Features of the home include a basement with finished area, central air conditioning, one fireplace, and a 480 square foot garage. The property is located in Lake Forest, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located within 0.22 of a mile from the subject. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 2,924 to 3,777 square feet of living area. The dwellings were built from 1981 to 1996. The appellant reported that four comparables each have a basement with one having finished area and one comparable has a slab foundation. Each comparable has central air conditioning, one to three fireplaces, and a garage ranging in size from 624 to 748

square feet of building area. The properties sold from May 2019 to June 2020 for prices ranging from \$603,718 to \$760,000 or from \$169.19 to \$232.27 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$239,976. The subject's assessment reflects a market value of \$720,865 or \$242.80 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within 0.26 of a mile from the subject. Board of review comparable #5 is the same property as the appellant's comparable #5. The comparables are improved with 2-story dwellings of brick or wood siding exterior construction ranging in size from 2,967 to 3,330 square feet of living area. The dwellings were built in 1986. The board of review reported that four comparables each have an unfinished basement and one comparable has a slab foundation. Each comparable has central air conditioning, one fireplace, and a garage ranging in size from 506 to 684 square feet of building area. The properties sold from May 2019 to July 2020 for prices ranging from \$690,000 to \$940,000 or from \$216.64 to \$282.28 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be sustained.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparable sales for the Board's consideration, including the parties' common comparable. The Board gives less weight to the appellant's comparables #1, #2, and #3 as well as board of review comparable #3 due to differences from the subject in dwelling size, foundation type, or design.

The Board finds the best evidence of market value to be the parties' five remaining comparables which are similar to the subject in location, design, age, and dwelling size, and features. The properties sold from May 2019 to July 2020 for prices ranging from \$625,000 to \$940,000 or from \$199.43 to \$282.28 per square foot of living area, land included. The subject's assessment reflects a market value of \$720,865 or \$242.80 per square foot of living area, land included, which falls within the range established by the best comparable sales in the record. Based on the record, the Board finds a reduction in the subject's estimated market value as reflected by its assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
