

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Estate of Maurie Katz
DOCKET NO.: 20-04175.001-R-1
PARCEL NO.: 16-29-106-018

The parties of record before the Property Tax Appeal Board are Estate of Maurie Katz, the appellant, by attorney Max E. Callahan, of Siegel & Callahan, P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$51,660
IMPR.: \$135,658
TOTAL: \$187,318

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of frame and masonry exterior construction with 3,449 square feet of living area. The dwelling was constructed in 1960 is approximately 60 years old. Features of the home include an unfinished basement, central air conditioning, one fireplace and a 600 square foot 2-car garage. The property has an approximately 11,325 square foot site and is located in Deerfield, West Deerfield Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted an appraisal estimating the subject property had a market value of \$550,000 as of January 1, 2019. The appraisal was prepared by Gregory B. Nold, a licensed Certified General Real Estate Appraiser who holds the MAI designation from the Appraisal Institute. The report was prepared for the sole purpose of assisting the client with an ad valorem tax assessment.

In estimating the market value of the subject property, the appraiser developed the sales comparison approach to value selecting five comparable sales located from 0.14 to 0.43 of a mile from the subject property. The comparables have varying degrees of similarity to the subject in location, age, dwelling size and other features. The properties sold from August 2017 to March 2019 for prices ranging from \$430,000 or \$636,500 or from \$145.27 to \$176.76 per square foot of living area, land included. After adjusting the comparables for differences with the subject the appraiser arrived at adjusted sale prices of the comparables ranging from \$498,600 to \$562,400 and an opinion of market value for the subject of \$550,000. Based on this evidence, the appellant requested the subject's assessment be reduced to reflect its appraised value when applying the statutory assessment level of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$234,836. The subject's assessment reflects a market value of \$705,425 or \$204.53 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales located within 0.76 of a mile from the subject property that have varying degrees of similarity to the subject. The comparables sold from June 2019 to November 2020 for prices ranging from \$692,000 to \$715,000 or from \$179.32 to \$220.00 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be confirmed.

In rebuttal, the appellant's attorney critiqued the board of review's comparables arguing the dwellings are more updated than the subject and have finished basements which the subject property lacks.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds, pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185), a reduction in the subject's assessment is warranted.

The Property Tax Appeal Board finds that the subject property is an owner-occupied residence that was the matter of an appeal before this Board for a prior tax year under Docket Number 2019-07686.001-R-1. In that appeal, the Property Tax Appeal Board rendered a decision lowering the subject's total assessment to \$187,000. The Property Tax Appeal Board takes notice that West Deerfield Township's general assessment period began in the 2019 tax year and continues through the 2022 tax year. The Board also finds this record shows that a 1.0017 equalization factor was issued in West Deerfield Township for the 2020 tax year. The Board

further finds section 16-185 of the Property Tax Code is controlling in this appeal (35 ILCS 200/16-185).

Section 16-185 of the Property Tax Code (35 ILCS 200/16-185) states in part:

If the Property Tax Appeal Board renders a decision lowering the assessment of a particular parcel on which a residence occupied by the owner is situated, such reduced assessment, subject to equalization, shall remain in effect for the remainder of the general assessment period as provided in Sections 9-215 through 9-225, unless that parcel is subsequently sold in an arm's length transaction establishing a fair cash value for the parcel that is different from the fair cash value on which the Board's assessment is based, or unless the decision of the Property Tax Appeal Board is reversed or modified upon review.

The Board finds the subject property is an owner-occupied residence and that the 2019 and 2020 tax years are within the same general assessment period for West Deerfield Township. The record contains no evidence showing the subject property sold in an arm's length transaction establishing a different fair cash value. For these reasons, the Property Tax Appeal Board finds that the prior year's decision should be carried forward to the 2020 tax year pursuant to section 16-185 of the Property Tax Code (35 ILCS 200/16-185) and a reduction in the subject's assessment is warranted to reflect the Board's prior year's decision plus the application of the 2020 equalization factor of 1.0017. ($\$187,000 \times 1.0017 = \$187,318$).

Additionally, notwithstanding the dictates of Section 16-185 of the Property Tax Code, the record contains five appraisal comparables and four comparable sales submitted by the board of review to support their respective arguments. These properties sold from August 2017 to November 2020 for prices ranging from \$430,000 to \$715,000 or from \$145.27 to \$220.00 per square foot of living area, including land. The subject's assessment after reduction reflects a market value of \$562,685 or \$163.14 per square foot of living area, land included, which falls within the range of the comparable sales in this record. The Board finds on this record that the comparables demonstrate the subject property, once reduced as an owner-occupied property, is correctly valued for assessment purposes.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
