

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jonathan Tan
DOCKET NO.: 20-04244.001-R-1
PARCEL NO.: 12-18-301-017

The parties of record before the Property Tax Appeal Board are Jonathan Tan, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$23,810
IMPR.: \$106,167
TOTAL: \$129,977

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,129 square feet of living area. The dwelling was constructed in 1989. Features of the home include a basement, central air conditioning, a fireplace and a 462 square foot garage. The property has an approximately 12,005 square foot site and is located in Lake Bluff, Shields Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on seven comparable sales located within .65 of a mile from the subject. The comparables have sites ranging in size from 4,792 to 29,399 square feet of land area and are improved with 2-story dwellings ranging in size from 1,780 to 2,275 square feet of living area. The dwellings were constructed from 1978 to 1997. The comparables each have a basement, central air conditioning, one fireplace, and a garage ranging in size from 400 to 639

square feet of building area. The comparables sold from April 2019 to July 2020 for prices ranging from \$320,000 to \$425,000 or from \$170.71 to \$204.33 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$140,319. The subject's assessment reflects a market value of \$421,505 or \$197.98 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that were submitted and described by the appellant as comparables #4, #1, #6 and #7, respectively. However, the board of review's evidence disclosed appellant's comparables #1, #4, #6 and #7 have finished basement area which was unrefuted by the appellant.

Based on this evidence, the board of review proposed a stipulation offer to reduce the subject's assessment to \$133,320. The appellant was sent the stipulation offer and given (30) days to respond. The appellant rejected the proposed stipulation.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains seven comparable sales for the Board's consideration, four of which were common to both parties. The Board gives less weight to appellant's comparable #3 which is an older and smaller dwelling when compared to the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables, four of which were common comparables. These comparables are similar to the subject in location, age, design, dwelling size and features. However, four comparables have finished basement area unlike the subject, suggesting downward adjustments are necessary to make them more equivalent to the subject. Nevertheless, these comparables sold from May 2019 to July 2020 for prices ranging from \$355,000 to \$425,000 or from \$170.71 to \$204.33 per square foot of living area, including land. The subject's assessment reflects a market value of \$421,505 or \$197.98 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is excessive. Based on this evidence, the Board finds a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
