

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Pratibha Murli
DOCKET NO.: 20-04261.001-R-1
PARCEL NO.: 11-32-107-014

The parties of record before the Property Tax Appeal Board are Pratibha Murli, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$49,099
IMPR.: \$133,538
TOTAL: \$182,637

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a two-story dwelling of brick exterior construction containing 3,321 square feet of living area. The dwelling was built in 1999. Features of the home include an unfinished full basement, central air conditioning, one fireplace and an attached garage with 649 square feet of building area. The property has a site with approximately 11,040 square feet of land area in Vernon Hills, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales improved with two-story dwellings of brick and frame construction that range in size from 2,707 to 3,610 square feet of living area. The homes were built from 1997 to 1999. Each property has an unfinished full basement, central air conditioning, one fireplace and an attached garage ranging in size from 440 to 672 square feet of building area. The comparables are located within .10 of one mile from the subject with sites

ranging in size from 10,370 to 13,339 square feet of land area. The sales occurred from May 2019 to June 2020 for prices ranging from \$475,000 to \$527,000 or from \$144.04 to \$175.47 per square foot of living area, including land. The appellant requested the subject's total assessment be reduced to \$172,675.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$182,637. The subject's assessment reflects a market value of \$548,624 or \$165.20 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales improved with two-story dwellings of brick exterior construction that range in size from 3,084 to 3,666 square feet of living area. The homes were built from 1997 to 2000. Each property has an unfinished full basement, central air conditioning, one or two fireplaces and an attached garage ranging in size from 604 to 656 square feet of building area. The comparables are located from approximately .13 to .57 of one mile from the subject with sites ranging in size from 9,900 to 15,700 square feet of land area. The sales occurred from September 2019 to December 2020 for prices ranging from \$550,000 to \$610,000 or from \$166.39 to \$186.45 per square foot of living area, including land.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted information on nine comparable sales to support their respective positions. The Board gives little weight to appellant's comparable #4 due to differences from the subject dwelling in size. The Board finds the remaining comparables are relatively similar to the subject property in location, land area, dwelling style, living area, age and features. These most similar comparables sold for prices ranging from \$485,000 to \$610,000 or from \$144.04 to \$186.45 per square foot of living area, including land. The subject's assessment reflects a market value of \$548,624 or \$165.20 per square foot of living area, including land, which is well within the range established by the best comparable sales in this record. Based on this evidence the Board finds the assessment of the subject property as established by the board of review is correct and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
