

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Prashanth Vuppunuthula
DOCKET NO.: 20-04274.001-R-1
PARCEL NO.: 11-29-401-008

The parties of record before the Property Tax Appeal Board are Prashanth Vuppunuthula, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$54,909
IMPR.: \$155,070
TOTAL: \$209,979

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of frame exterior construction with 3,630 square feet of living area. The dwelling was constructed in 2006. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 733 square foot garage. The property has a 15,835 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located within .10 of a mile from the subject property. The comparables have sites ranging in size from 11,957 to 14,110 square feet of land area and are improved with two-story dwellings of brick or brick and frame exterior construction ranging in size from 3,448 to 3,916 square feet of living area. The dwellings were constructed from 1999 to 2005. Each comparable has unfinished basement, central air

conditioning, one fireplace and a garage ranging in size from 483 to 742 square feet of building area. The comparables sold from July 2018 to August 2019 for prices ranging from \$570,000 to \$645,000 or from \$155.77 to \$171.41 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$209,979. The subject's assessment reflects a market value of \$630,757 or \$173.76 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on the same three comparable sales submitted by the appellant. The assessor noted the subject's basement square footage is superior to two comparables and garage square footage is superior to one comparable. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties' submitted the same three comparable sales for the Board's consideration. These comparables have varying degrees of similarity to the subject in site size, age, dwelling size and features. These comparables sold for prices ranging from \$570,000 to \$645,000 or from \$155.77 to \$171.41 per square foot of living area, including land. The subject's assessment reflects a market value of \$630,757 or \$173.76 per square foot of living area, including land, which is within the range established by the comparable sales in the record on overall market value but above on price per square foot. The Board finds the higher price per square foot is logical considering the subject's somewhat larger site, newer age, and larger basement. Therefore, after considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence, the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
