

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jagmeet Singh
DOCKET NO.: 20-04283.001-R-1
PARCEL NO.: 11-29-210-006

The parties of record before the Property Tax Appeal Board are Jagmeet Singh, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$49,099
IMPR.: \$158,033
TOTAL: \$207,132

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick and frame exterior construction with 3,629 square feet of living area. The dwelling was constructed in 2004. Features of the home include an unfinished basement, central air conditioning, a fireplace and a 644 square foot garage. The property has an 11,929 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted two grid analyses with information on ten comparable sales.¹ The comparables are located from .25 of a mile to 1.32 miles from the subject property and have sites that range in size from 9,987 to 25,448 square feet of land area. The comparables are improved with two-story dwellings of frame or brick and frame exterior construction ranging in size from

¹ The Board has renumbered the appellant's second set of five comparables as #6 through #10 for ease of read.

3,084 to 4,228 square feet of living area. The dwellings were built from 1997 to 2003. The comparables each have an unfinished basement, two of which have walk-out designs. Each comparable has central air conditioning, one fireplace and a garage ranging in size from 440 to 696 square feet of building area. The comparables sold from January to November 2019 for prices ranging from \$482,500 to \$640,000 or from \$143.05 to \$166.14 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$183,851, which would reflect a market value of \$551,608 or \$152.00 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$207,132. The subject's assessment reflects a market value of \$622,205 or \$171.45 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales with the same assessment neighborhood code as the subject and located within .18 of a mile from the subject property. The comparables have sites that range in size from 9,580 to 10,890 square feet of land area. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,204 to 3,642 square feet of living area. The dwellings were built from 2002 to 2005. Each comparable has an unfinished basement, central air conditioning, a fireplace and a garage ranging in size from 549 to 722 square feet of building area. The comparables sold from May 2019 to September 2020 for prices ranging from \$389,000 to \$659,000 or from \$121.41 to \$180.94 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains 14 suggested comparable sales for the Board's consideration. The Board has given less weight to the appellant's comparables #2 and #4 due to their distant locations from the subject being more than one mile away. The Board has also given less weight to the appellant's comparables #3, #4, #5 and #7, as well as board of review comparable #4 due to differences from the subject dwelling in size. Furthermore, the appellant's comparable #3 has a larger site size when compared to the subject.

The Board finds the best evidence of market value to be the parties' eight remaining comparable sales, which are overall more similar to the subject in location, dwelling size, design, age and some features. The comparables sold from March 2019 to September 2020 for prices ranging

from \$522,000 to \$659,000 or from \$143.05 to \$180.94 per square foot of living area, including land. The subject's assessment reflects a market value of \$622,205 or \$171.45 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record both in terms of overall market value and on a price per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
