

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Young K. Lee
DOCKET NO.: 20-04286.001-R-1
PARCEL NO.: 11-29-210-002

The parties of record before the Property Tax Appeal Board are Young K. Lee, the appellant, by attorney Ronald Kingsley of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$49,099
IMPR.: \$148,309
TOTAL: \$197,408

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of brick exterior construction with 3,381 square feet of living area.¹ The dwelling was constructed in 2004. Features of the home include a basement, central air conditioning, a fireplace and a 380 square foot garage. The property has a 9,124 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located within .21 of a mile from the subject property. The comparables have sites that range in size from 9,573 to 10,454 square feet of land area. The comparables are improved with two-story dwellings of brick and frame

¹ The parties differ slightly as to the subject's dwelling size and site size. The Board finds the best description of the subject property is found in the property record card presented by the board of review, which contains a detailed schematic diagram and dimensions of the subject dwelling.

exterior construction ranging in size from 3,500 to 3,570 square feet of living area. The dwellings were built from 2002 to 2005. Each comparable has a basement, central air conditioning, one or two fireplaces and a garage ranging in size from 653 to 722 square feet of building area. The comparables sold from August 2018 to January 2020 for prices ranging from \$550,000 to \$665,000 or from \$154.06 to \$189.08 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's total assessment be reduced to \$191,967, which would reflect a market value of \$575,959 or \$170.35 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$197,408. The subject's assessment reflects a market value of \$592,995 or \$175.39 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales, where comparable #2 is the same property as the appellant's comparable #2. The comparables are located within .70 of a mile from the subject property and have sites that range in size from 10,450 to 14,950 square feet of land area. The comparables are improved with two-story dwellings of brick or brick and wood siding exterior construction ranging in size from 3,220 to 3,685 square feet of living area. The dwellings were built from 2000 to 2004. Each comparable has a basement, central air conditioning, a fireplace and a garage ranging in size from 550 to 722 square feet of building area. The comparables sold from March 2019 to September 2020 for prices ranging from \$620,000 to \$665,000 or from \$178.57 to \$200.31 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven suggested comparable sales for the Board's consideration, as one sale is common to both parties. The Board finds all the comparables are similar to the subject in location, dwelling size, design, age and some features. However, the Board has given less weight to the appellant's comparable #3 as its sale date occurred less proximate in time to the assessment date at issue than the other comparable sales in the record, and thus is less likely to be indicative of the subject's market value as of January 1, 2020.

The Board finds the best evidence of market value to be the parties' remaining comparables, which sold from March 2019 to September 2020 for prices ranging from \$550,000 to \$665,000 or from \$154.06 to \$200.31 per square foot of living area, including land. The subject's assessment reflects a market value of \$592,995 or \$175.39 per square foot of living area,

including land, which falls within the range established by the best comparable sales in the record both in terms of overall market value and on a price per square foot basis. Based on this record and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
