

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Erika Padovano
DOCKET NO.: 20-04335.001-R-1
PARCEL NO.: 11-29-208-002

The parties of record before the Property Tax Appeal Board are Erika Padovano, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$49,418
IMPR.: \$173,674
TOTAL: \$223,092

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick exterior construction with 3,420 square feet of living area. The dwelling was constructed in 2002. Features of the home include an unfinished basement, central air conditioning, a fireplace and an attached 715 square foot garage. The property has an approximately 12,030 square foot site and is located in Vernon Hills, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on four comparable sales that are located from .05 to .07 of a mile from the subject. The comparables have sites ranging in size from 12,118 to 22,917 square feet of land area that are improved with 2-story dwellings of frame, brick or brick and frame construction ranging in size from 2,772 to 3,685 square feet of living area. The dwellings were built from 1998 to 2003. The comparables have unfinished basements, central air conditioning, a

fireplace and garage ranging in size from 651 to 856 square feet of building area. One comparable has a swimming pool. The comparables sold from February 2018 to June 2020 for prices ranging from \$590,000 to \$687,500 or from \$180.14 to \$212.84 per square foot of living area, including land.

Based on this evidence the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$223,092. The subject's assessment reflects a market value of \$670,147 or \$195.95 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on four comparable sales that are located from .03 to .06 of a mile from the subject. The board of review's comparables #1, #3 and #4, are the same properties as the appellant's comparables #1, #2 and #3. The board of review's unique comparable #2 has a 14,390 square foot site that is improved with 2-story dwelling of brick construction with 3,220 square feet of living area. The dwelling was built in 2000. The comparable has an unfinished basement, central air conditioning, a fireplace and an attached 652 square foot garage. The comparable sold in September 2020 for \$645,000 or \$200.31 per square foot of living area, including land.

Based on this evidence the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of five comparable sales for the Board's consideration, three of which were submitted by both parties. The Board gives less weight to the appellant's comparable #4 due to its significantly smaller dwelling size, when compared to the subject. The Board finds the parties' remaining comparables, which includes the parties' common comparables, have varying degrees of similarity to the subject. However, two of the parties' common comparables have sale dates occurring greater than 20 months prior to the January 1, 2020 assessment date at issue. Nevertheless, the best comparables sold for prices ranging from \$635,000 to \$687,500 or from \$180.14 to \$200.85 per square foot of living area, including land. The subject's assessment reflects a market value of \$670,147 or \$195.95 per square foot of living area, including land, which falls within the range established by the best comparables in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence the Board finds a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
