

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Piyush Vyas
DOCKET NO.: 20-04366.001-R-1
PARCEL NO.: 11-13-201-041

The parties of record before the Property Tax Appeal Board are Piyush Vyas, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$17,083
IMPR.: \$56,904
TOTAL: \$73,987

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 1,675 square feet of living area. The dwelling was constructed in 1992. Features of the home include a concrete slab foundation, central air conditioning, a fireplace and a 400 square foot garage. The property is located in North Chicago, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located within .19 of a mile from the subject. The comparables are improved with 2-story dwellings, each containing 1,675 square feet of living area. The dwellings were built in 1992. Each comparable has central air conditioning and a garage with 400 square feet of building area. Two comparables each have one fireplace. The appellant noted comparable #3 was a rehab in 2018 according to the Multiple Listing Sheet associated with the sale. The comparables sold from June 2019 to May 2020 for

prices ranging from \$203,000 to \$239,000 or from \$121.19 to \$142.69 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$73,987. The subject's assessment reflects a market value of \$222,250 or \$132.69 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within .15 of a mile from the subject where comparable #1 is the same as appellant's comparable #5. The comparables are improved with 2-story dwellings of wood siding exterior construction, each containing 1,675 square feet of living area and were built in 1992. One comparable has a basement and two comparables have concrete slab foundations. Each comparable has central air conditioning, one fireplace, and a garage with 400 square feet of building area. The comparables sold from July 2019 to November 2020 for prices ranging from \$229,000 to \$244,000 or from \$136.72 to \$145.67 per square foot of living area, land included. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains seven comparable sales for the Board's consideration, one of which is common to both parties. The Board gives less weight to board of review comparable #2 due to its dissimilar foundation type when compared to the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables which includes the common comparable. These comparables are identical or nearly identical to the subject dwelling in age, size, and features. These comparables sold from June 2019 to November 2020 for prices ranging from \$203,000 to \$239,000 or from \$121.19 to \$142.69 per square foot of living area, including land. The subject's assessment reflects a market value of \$222,250 or \$132.69 per square foot of living area, including land, which falls within the range established by the comparable sales in the record. After considering adjustments to the comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
