

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Teresa Beeson
DOCKET NO.: 20-04377.001-R-1
PARCEL NO.: 11-20-405-009

The parties of record before the Property Tax Appeal Board are Teresa Beeson, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$56,663
IMPR.: \$79,739
TOTAL: \$136,402

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick exterior construction with 2,141 square feet of living area. The dwelling was constructed in 1974. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a 495 square foot garage. The property has an approximately 13,205 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales with the same neighborhood code as the subject property and located from 0.04 of a mile to 1.22 miles from the subject. The comparables are improved with 1-story dwellings of frame, brick, or frame and brick exterior construction that range in size from 1,851 to 2,297 square feet of living area and are situated on sites that range in size from 10,974 to 28,375 square feet of land area. The dwellings were built

from 1962 to 1976. Each comparable has an unfinished basement, one fireplace, and a 483 to 576 square foot garage. Three comparables each have central air conditioning. The properties sold from April 2018 to November 2019 for prices ranging from \$325,000 to \$487,500 or from \$145.41 to \$231.23 per square foot of living area, land included.

Based on this evidence, the appellant requested the subject's assessment be reduced to \$119,170 reflecting a market value of \$357,546 or \$167.00 per square foot of living area, land included, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$136,402. The subject's assessment reflects an estimated market value of \$409,739 or \$191.38 per square foot of living area, land included, when applying the 2020 three-year average median level of assessment for Lake County of 33.29%.

The board of review did not submit comparable sales in support of the correct assessment but argued the appellant's evidence supports the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains four comparable sales submitted by the appellant for the Board's consideration. The Board gives less weight to the appellant's comparable #2 and #3 which each differ from the subject in age and are less proximate in location to the subject than the other comparables in the record being located over one mile from the subject.

The Board finds the best evidence of market value to be the appellant's comparables #1 and #4 which are more similar to the subject in location, design, age, dwelling size, and most features. These properties sold in May 2018 and November 2019 for prices of \$325,000 and \$428,000 or \$145.41 and \$231.23 per square foot of living area, land included, respectively. The subject's assessment reflects an estimated market value of \$409,739 or \$191.38 per square foot of living area, land included, which is bracketed by the estimate market values of the two best comparables in the record. After considering adjustments to the two best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported and a reduction in the subject's assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
