

FINAL ADMINISTRATIVE DECISION ILLINOIS PROPERTY TAX APPEAL BOARD

APPELLANT: Geoffrey Apgar
DOCKET NO.: 20-04397.001-R-1
PARCEL NO.: 11-27-105-024

The parties of record before the Property Tax Appeal Board are Geoffrey Apgar, the appellant, by attorney Ronald Kingsley, of Lake County Real Estate Tax Appeal, LLC in Lake Forest; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND:	\$48,164
IMPR.:	\$151,941
TOTAL:	\$200,105

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property is improved with a 2-story dwelling of wood siding exterior construction with 3,630 square feet of living area. The dwelling was constructed in 1978 but has an effective year built of 1985. Features of the home include an unfinished basement, central air conditioning, one fireplace, and a garage with 440 square feet of building area. The property has an approximately 9,850 square foot site and is located in Libertyville, Libertyville Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on four comparable sales located within 0.22 of a mile from the subject. The comparables have sites that range in size from 9,702 to 13,118 square feet of land area. The comparables are improved with 2-story dwellings ranging in size from 2,699 to 3,342 square feet of living area. The dwellings were built from 1979 to 1984. Each comparable has a

basement with two having finished area, central air conditioning, one fireplace, and a garage ranging in size from 484 to 560 square feet of building area. The appellant submitted supplemental notes and MLS listing sheets which disclosed comparables #2 and #4 were recent rehabs. The properties sold from June 2018 to March 2020 for prices ranging from \$432,500 to \$675,000 or from \$160.24 to \$201.97 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$200,105. The subject's assessment reflects a market value of \$601,096 or \$165.59 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on four comparable sales located within 0.73 of a mile from the subject. Three comparables have sites that range in size from 12,760 to 15,250 square feet of land area. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,650 to 3,071 square feet of living area. The dwellings were built from 1976 to 2006. Each comparable has an unfinished basement, central air conditioning, one or two fireplaces, and a garage ranging in size from 460 to 506 square feet of building area. The properties sold from July to December 2020 for prices ranging from \$500,000 to \$578,500 or from \$169.21 to \$191.49 per square foot of living area, land included. Based on this evidence, the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains eight suggested comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables #1 and #3 as well as board of review comparables #1, #2, and #4 due to differences from the subject in age or dwelling size.

The Board finds the best evidence of market value to be parties' three remaining comparables which are relatively similar to the subject in location, design, age, dwelling size, and most amenities. The properties sold from June 2018 to October 2020 for prices ranging from \$508,000 to \$675,000 or from \$160.25 to \$201.97 per square foot of living area, land included. The subject's assessment reflects a market value of \$601,096 or \$165.59 per square foot of living area, land included, which falls within the range established by the best comparable sales in the record. Based on the record and after considering adjustments to the best comparables for differences from the subject, the Board finds a reduction in the subject's estimated market value as reflected by its assessment is not warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
