

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Helen Silverman
DOCKET NO.: 20-04423.001-R-1
PARCEL NO.: 16-21-115-002

The parties of record before the Property Tax Appeal Board are Helen Silverman, the appellant, by attorney Glenn S. Guttman, of Rieff Schramm Kanter & Guttman, LLC in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$114,523
IMPR.: \$200,690
TOTAL: \$315,213

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 1-story dwelling of brick exterior construction with 4,270 square feet of living area. The dwelling was constructed in 1994. Features of the home include a 4,270 square foot basement with 1,067 square feet of finished area, central air conditioning, a fireplace, and a 924 square foot garage. The property is located in Highland Park, West Deerfield Township, Lake County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story homes of brick or wood siding exterior construction ranging in size from 3,498 to 4,618 square feet of living area. The dwellings were built from 1991 to 1996. Each home has a 1,749 to 4,247 square foot basement, one of which has 2,000

square feet of finished area, central air conditioning, and a garage ranging in size from 529 to 827 square feet of building area. Three homes each have a fireplace. The comparables have improvement assessments ranging from \$135,877 to \$199,311 or from \$38.84 to \$44.72 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$356,914. The subject property has an improvement assessment of \$242,391 or \$56.77 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story homes of brick or wood siding exterior construction ranging in size from 3,448 to 4,079 square feet of living area. The dwellings were built from 1992 to 1996. Each home has a 3,059 to 3,549 square foot basement, one of which has 2,000 square feet of finished area, central air conditioning, a fireplace, and a garage ranging in size from 625 to 851 square feet of building area. The comparables have improvement assessments ranging from \$190,348 to \$221,019 or from \$54.18 to \$55.37 per square foot of living area.

Based on this evidence the board of review requested the subject's assessment be sustained.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of seven equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparable #4 and the board of review's comparables #2 and #3, due to substantial differences from the subject in dwelling size.

The Board finds the best evidence of assessment equity to be the appellant's comparables #1, #2, and #3 and the board of review's comparable #1, which are more similar to the subject in dwelling size, age, location, and features, although these comparables vary in similarity to the subject in basement size, basement finish, and garage size, suggesting adjustments to these comparables would be needed to make them more equivalent to the subject. These most similar comparables have improvement assessments that range from \$182,618 to \$221,019 or from \$40.99 to \$54.18 per square foot of living area. The subject's improvement assessment of \$242,391 or \$56.77 per square foot of living area falls above the range established by the best

comparables in this record, and is excessive even considering the subject's larger basement size, basement finished area, and larger garage size compared to the best comparables. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
