

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Lane Moyer  
DOCKET NO.: 20-04425.001-R-1  
PARCEL NO.: 14-32-105-005

The parties of record before the Property Tax Appeal Board are Lane Moyer, the appellant, by attorney Glenn S. Guttman, of Rieff Schramm Kanter & Guttman in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$44,835  
**IMPR.:** \$188,683  
**TOTAL:** \$233,518

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a two-story dwelling of brick and frame exterior construction with 4,368 square feet of living area. The dwelling was constructed in 1986. Features of the home include an unfinished basement, central air conditioning, three fireplaces, and a garage containing 816 square feet of building area. The property has a 56,167 square foot site and is located in Deer Park, Ela Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument the appellant submitted information on five comparable sales located within .99 of a mile of the subject and within the same assessment neighborhood code as the subject. The comparables consist of two-story dwellings of brick, frame, or brick and frame exterior construction ranging in size from 3,586 to 4,428 square feet of living area. The homes were built from 1929 to 1989, with the oldest home having an effective age of 1986. Each dwelling has central air

conditioning, one to three fireplaces, a basement with two being walk-out style, and a garage ranging in size from 693 to 1,114 square feet of building area. The parcels range in size from 42,101 to 90,881 square feet of land area. The comparables sold from June 2019 to August 2020 for prices ranging from \$507,000 to \$665,000 or from \$123.06 to \$153.37 per square foot of living area, including land. Based on this evidence, the appellant requested a reduced assessment of \$207,983.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$233,518. The subject's assessment reflects a market value of \$701,466 or \$160.59 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on five comparable sales located within 1.03 miles of the subject and within the same assessment neighborhood code as the subject. Comparable #5 is the same property as appellant comparable #3. The comparables consist of two-story dwellings of brick, wood siding, or brick and wood siding exterior construction ranging in size from 3,869 to 5,053 square feet of living area. The dwellings were built from 1982 to 2011. Each dwelling has central air conditioning, one to three fireplaces, a basement with three being walk-out style, and a garage ranging in size from 759 to 876 square feet of building area. Comparable #4 has an inground swimming pool. The parcels range in size from 32,430 to 98,110 square feet of land area. The comparables sold from July 2019 to July 2020 for prices ranging from \$635,000 to \$950,000 or from \$153.27 to \$190.82 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

### **Conclusion of Law**

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales, or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The parties submitted a total of nine comparable sales to support their respective positions before the Property Tax Appeal Board, with one comparable being common to the parties. The Board gives less weight to the appellant's comparables #1 and #2 due to differences in age or parcel size when compared to the subject. The Board also gives reduced weight to board of review comparables #2 through #4 due to differences in age, dwelling size, parcel size, and/or inground swimming pool amenity when compared to the subject. Additionally, board of review comparable #3 is located more than one mile from the subject.

The Board finds the best evidence of market value to be appellant's comparable sales #3, #4, and #5, which includes the parties' common comparable, and board of review comparable #1, which are similar to the subject in age, location, dwelling size, and features. These most similar comparables sold for prices ranging from \$507,000 to \$685,000 or from \$134.38 to \$177.05 per

square foot of living area, including land. The subject's assessment reflects a market value of \$701,466 or \$160.59 per square foot of living area, including land, which is within the range established by the best comparable sales in this record on a per-square-foot basis. While the assessment is above the range overall, the Board finds this logical due to the subject's larger dwelling and/or parcel than each of the best comparables. Based on this evidence and after considering adjustments to the best comparables for differences when compared to the subject, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
