

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Alison Lipson
DOCKET NO.: 20-04430.001-R-1
PARCEL NO.: 16-34-106-031

The parties of record before the Property Tax Appeal Board are Alison Lipson, the appellant, by attorney Steven Kandelman, of Rieff Schramm Kanter & Guttman in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$76,904
IMPR.: \$108,620
TOTAL: \$185,524

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of brick and wood siding exterior construction with 2,497 square feet of living area. The dwelling was constructed in 1964. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a 462 square foot garage. The property has an 18,487 square foot site and is located in Deerfield, Moraine Township, Lake County.

The appellant contends assessment inequity regarding the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on ten equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick, wood siding, or brick and wood siding exterior construction ranging in size from 2,226 to 2,844 square feet of living area. The dwellings were built from 1963 to 1967. Each home has a basement, five of which have finished

area, central air conditioning, a fireplace, and a garage ranging in size from 462 to 586 square feet of building area. The comparables have improvement assessments ranging from \$79,102 to \$120,149 or from \$34.85 to \$43.60 per square foot of living area.

Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$206,459. The subject property has an improvement assessment of \$129,555 or \$51.88 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on four equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 2-story homes of brick or brick and wood siding exterior construction ranging in size from 2,437 to 2,542 square feet of living area. The dwellings were built from 1962 to 1965 with comparables #1 and #2 having effective ages of 1983 and 1976, respectively. Each home has a basement, three of which have finished area, central air conditioning, a fireplace, and a garage ranging in size from 462 to 525 square feet of building area. The comparables have improvement assessments ranging from \$127,785 to \$142,161 or from \$51.49 to \$55.92 per square foot of living area.

Based on this evidence the board of review requested confirmation of the subject's improvement assessment.

Conclusion of Law

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains a total of fourteen equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables #1, #2, #5, #6, #8, #9, and #10 and the board of review's comparable #3, due to substantial differences from the subject in dwelling size and/or basement finish. The Board also gives less weight to the board of review's comparables #1 and #2, which have much newer effective ages than the subject.

The Board finds the best evidence of assessment equity to be the appellant's comparables #3, #4, and #7 and the board of review's comparable #4, which are similar to the subject in dwelling size, age/effective age, location, and features. These most similar comparables have improvement assessments that range from \$108,550 to \$129,923 or from \$41.76 to \$51.54 per square foot of living area. The subject's improvement assessment of \$129,555 or \$51.88 per square foot of living area falls within the range established by the best comparables in terms of

total improvement assessment but above the range on a per square foot basis. Based on this record and after considering appropriate adjustments to the best comparables for differences from the subject, the Board finds the appellant demonstrated with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
