

**FINAL ADMINISTRATIVE DECISION  
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Jose Avila  
DOCKET NO.: 20-04458.001-R-1  
PARCEL NO.: 08-07-419-012

The parties of record before the Property Tax Appeal Board are Jose Avila, the appellant, by James Pollard, Attorney at Law in Lindenhurst; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

**LAND:** \$6,956  
**IMPR.:** \$47,075  
**TOTAL:** \$54,031

Subject only to the State multiplier as applicable.

**Statement of Jurisdiction**

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

**Findings of Fact**

The subject property consists of a 1-story dwelling of wood siding exterior construction with 1,120 square feet of living area. The dwelling was constructed in 1964 and has an effective year built of 1990.<sup>1</sup> Features of the home include a basement, central air conditioning, and a 528 square foot garage. The property has a 7,544 square foot site and is located in Waukegan, Waukegan Township, Lake County.

The appellant contends assessment inequity with respect to the improvement assessment as the basis of the appeal. In support of this argument the appellant submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story homes of wood siding exterior construction ranging in size from 1,100 to 1,120 square feet of living area. The dwellings were built in 1961 or 1962.

---

<sup>1</sup> Additional details regarding the subject property not reported by the appellant are found in the subject's property record card presented by the board of review.

Each home has a basement and a 440 or 528 square foot garage. One home has central air conditioning. The comparables have improvement assessments ranging from \$35,867 to \$37,750 or from \$32.45 to \$33.77 per square foot of living area. Based on this evidence the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$54,031. The subject property has an improvement assessment of \$47,075 or \$42.03 per square foot of living area.

In support of its contention of the correct assessment the board of review submitted information on three equity comparables located within the same assessment neighborhood code as the subject. The comparables are improved with 1-story homes of wood siding exterior construction ranging in size from 1,040 to 1,248 square feet of living area. The dwellings were built from 1960 to 1968 and have effective ages ranging from 1974 to 1989. Two homes each have a basement and one home has a concrete slab foundation. Each home has central air conditioning and a 440 or 528 square foot garage. The comparables have improvement assessments ranging from \$37,732 to \$47,234 or from \$30.53 to \$42.05 per square foot of living area. Based on this evidence the board of review requested the subject's improvement assessment be sustained.

### **Conclusion of Law**

The appellant contends assessment inequity as the basis of the appeal. When unequal treatment in the assessment process is the basis of the appeal, the inequity of the assessments must be proved by clear and convincing evidence. 86 Ill.Admin.Code §1910.63(e). Proof of unequal treatment in the assessment process should consist of documentation of the assessments for the assessment year in question of not less than three comparable properties showing the similarity, proximity and lack of distinguishing characteristics of the assessment comparables to the subject property. 86 Ill.Admin.Code §1910.65(b). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains a total of six equity comparables for the Board's consideration. The Board gives less weight to the appellant's comparables, due to substantial differences from the subject in effective age. The Board gives less weight to the board of review's comparable #3, which has a concrete slab foundation compared to the subject's basement foundation.

The Board finds the best evidence of assessment equity to be the board of review's comparables #1 and #2, which are more similar to the subject in dwelling size, age/effective age, location, and features. These most similar comparables have improvement assessments of \$43,736 and \$47,234 or of \$42.05 and \$37.85 per square foot of living area, respectively. The subject's improvement assessment of \$47,075 or \$42.03 per square foot of living area is bracketed by the best comparables in this record. Based on this record and after considering appropriate adjustments to the best comparables for differences when compared to the subject, the Board finds the appellant did not demonstrate with clear and convincing evidence that the subject's improvement was inequitably assessed and a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
