

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Christopher Bandstra
DOCKET NO.: 20-04529.001-R-1
PARCEL NO.: 07-07-313-010

The parties of record before the Property Tax Appeal Board are Christopher Bandstra, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds No Change in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$15,505
IMPR.: \$99,484
TOTAL: \$114,989

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,521 square feet of living area. The dwelling was constructed in 2004. Features of the home include a full basement, central air conditioning, two fireplaces and a 696 square foot garage. The property has a 9,060 square foot site and is located in Lake Villa, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales located within the same assessment neighborhood code as the subject and from 0.06 to 0.20 of a mile from the subject property. The comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 3,470 to 3,719 square feet of living area. The dwellings were built in 2004. Each comparable has a basement, central air conditioning, one fireplace and a garage ranging in size from 684 to 736 square feet of building area. The properties sold from May 2019 to June 2020 for prices ranging from \$290,000 to \$354,000 or from \$79.54 to \$97.98 per square foot of living

area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$105,751, which would reflect a market value of \$317,285 or \$90.11 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$114,989. The subject's assessment reflects a market value of \$345,416 or \$98.10 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales located within the same assessment neighborhood code as the subject and from 0.03 to 0.34 of a mile from the subject property. The board of review comparables #1, #2, #3 and #5 are the same properties as the appellant's comparables #1 through #4. The comparables are improved with 2-story dwellings of wood siding exterior construction that range in size from 3,008 to 3,719 square feet of living area. The dwellings were built in 2004 and 2005. Each comparable has a full basement, one of which has finished area, central air conditioning, one fireplace and a garage ranging in size from 684 to 736 square feet of building area. The properties sold from August 2019 to November 2020 for prices ranging from \$328,000 to \$354,000 or from \$94.33 to \$111.37 per square foot of living area, including land.

Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six suggested comparable sales for the Board's consideration with four common comparables. The Board finds all the comparables are similar to the subject in age, location, design, dwelling size and some features. The comparables sold from May 2019 to November 2020 for prices ranging from \$290,000 to \$354,000 or from \$79.54 to \$111.37 per square foot of living area, including land. The subject's assessment reflects a market value of \$345,416 or \$98.49 per square foot of living area, including land, which falls within the range established by the comparable sales in the record both in terms of overall market value and on a price per square foot basis. Based on this record and after considering adjustments to the comparables for differences when compared to the subject, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
