

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Ronald Scalet
DOCKET NO.: 20-04551.001-R-1
PARCEL NO.: 07-07-301-017

The parties of record before the Property Tax Appeal Board are Ronald Scalet, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **A Reduction** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$16,036
IMPR.: \$94,292
TOTAL: \$110,328

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 3,508 square feet of living area. The dwelling was built in 2004. Features of the home include an unfinished full basement, central air conditioning, and a 716 square foot attached garage. The property has an approximately 9,375 square foot site is located in Lake Villa, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject property and located within 0.18 of a mile from the subject. The comparables have sites that range in size from 9,430 to 13,930 square feet of land area. The appellant reported that the comparables are improved with 2-story dwellings of wood siding exterior construction ranging in size from 3,470 to 3,719 square feet of living area. The

dwelling were each built in 2004. Each comparable has an unfinished basement, central air conditioning, one fireplace, and a 684 to 736 square foot attached garage. The properties sold from May 2019 to June 2020 for prices ranging from \$290,000 to \$354,000 or from \$79.54 to \$97.98 per square foot of living area, land included.

Based on this evidence, the appellant requested an assessment reduction.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$114,989 reflecting a market value of \$345,416 or \$98.47 per square foot of living area, including land, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of the subject's assessment, the board of review submitted information on three comparable sales with the same assessment neighborhood code as the subject property and located within 0.17 of a mile from the subject. Board of review comparables #1 and #2 are the same properties as the appellant's comparables #1 and #2, which were described previously. Comparable #3 has a site with 13,860 square feet of land area and is improved with a 2-story dwelling of wood siding exterior construction with 3,008 square feet of living area. The dwelling was built in 2005. The comparable has a finished basement, central air conditioning, one fireplace, and a 716 square foot attached garage. The property sold in November 2020 for a price of \$335,000 or \$111.37 per square foot of living area, land included. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant met this burden of proof and a reduction in the subject's assessment is warranted.

The record contains six comparable sales for the Board's consideration, which included the parties' two common comparables. The Board gives less weight to board of review comparable #3 which differs from the subject in dwelling size and has basement finish, not a feature of the subject.

The Board finds the best evidence of market value to be the parties' remaining comparables which are overall more similar to the subject in location, design, age, dwelling size, and most features. These properties sold from May 2019 to June 2020 for prices ranging from \$290,000 to \$354,000 or from \$79.54 to \$97.98 per square foot of living area, land included. The subject's assessment reflects an estimated market value of \$345,416 or \$98.47 per square foot of living area, land included, which falls within the range of the best comparable sales in the record on an overall basis but above on a square foot basis. Based on the record and after considering adjustments to the best comparables for differences from the subject, the Board finds the subject's estimated market value as reflected by its assessment is not supported and a reduction in the subject's assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
