

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Nimesh Kadakia
DOCKET NO.: 20-04577.001-R-1
PARCEL NO.: 07-18-202-047

The parties of record before the Property Tax Appeal Board are Nimesh Kadakia, the appellant, by attorney Eric Feldman, of Eric Feldman & Assoc. P.C. in Chicago, and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **No Change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$19,006
IMPR.: \$90,891
TOTAL: \$109,897

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a 2-story dwelling of wood siding exterior construction with 2,385 square feet of living area. The dwelling was constructed in 1994. Features of the home include a basement with finished area, central air conditioning, a fireplace, and a 462 square foot garage. The property has a 10,450 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on three comparable sales located within .35 of a mile from the subject. The comparables have sites ranging in size from 7,840 to 10,450 square feet of land area and are improved with 2-story dwellings of wood siding exterior construction containing either 2,367 or 2,385 square feet of living area. The dwellings were constructed in 1995. Each comparable has an unfinished basement, central air conditioning and a 462 or 682 square foot

garage ranging. Two comparables each have a fireplace. The comparables sold from January 2019 to July 2020 for prices ranging from \$265,000 to \$315,100 or from \$111.96 to \$132.12 per square foot of living area, land included. Based on this evidence, the appellant requested a reduction in the subject's assessment.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$109,897. The subject's assessment reflects a market value of \$330,120 or \$138.42 per square foot of living area, land included, when using the 2020 three year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment the board of review submitted information on three comparable sales located within .27 of a mile from the subject. These properties have sites ranging in size from 8,280 to 12,630 square feet of land area and are improved with 2-story dwellings of wood siding exterior construction ranging in size from 2,099 to 2,398 square feet of living area and were built in 1995. The comparables have basements with finished area. Each comparable also has central air conditioning, one fireplace and a garage ranging in size from 441 to 682 square feet of building area. The comparables sold in September and November 2020 for prices ranging from \$315,000 to \$351,000 or from \$135.53 to \$150.07 per square foot of living area, land included. Based on this evidence, the board of review requested that the subject's assessment be confirmed.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains six comparable sales for the Board's consideration. The Board gives less weight to the appellant's comparables which have unfinished basements when compared to the subject.

The Board finds the best evidence of market value to be the board of review comparables which have finished basement area and are similar to the subject in location, age, dwelling size and other features. These comparables sold in September and November 2020 for prices ranging from \$315,000 to \$351,000 or from \$135.53 to \$150.07 per square foot of living area, including land. The subject's assessment reflects a market value of \$330,120 or \$138.42 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record. After considering adjustments to the best comparables for differences when compared to the subject, the Board finds the subject's estimated market value as reflected by its assessment is supported. Based on this evidence, the Board finds a reduction in the subject's assessment is not justified.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
