

**FINAL ADMINISTRATIVE DECISION
ILLINOIS PROPERTY TAX APPEAL BOARD**

APPELLANT: Rajender Madan
DOCKET NO.: 20-04580.001-R-1
PARCEL NO.: 07-17-102-008

The parties of record before the Property Tax Appeal Board are Rajender Madan, the appellant, by attorney Eric Feldman of Eric Feldman & Assoc. P.C. in Chicago; and the Lake County Board of Review.

Based on the facts and exhibits presented in this matter, the Property Tax Appeal Board hereby finds **no change** in the assessment of the property as established by the **Lake** County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$11,847
IMPR.: \$91,103
TOTAL: \$102,950

Subject only to the State multiplier as applicable.

Statement of Jurisdiction

The appellant timely filed the appeal from a decision of the Lake County Board of Review pursuant to section 16-160 of the Property Tax Code (35 ILCS 200/16-160) challenging the assessment for the 2020 tax year. The Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of the appeal.

Findings of Fact

The subject property consists of a two-story dwelling of wood siding exterior construction with 2,376 square feet of living area. The dwelling was constructed in 1994. Features of the home include a basement with finished area, central air conditioning, a fireplace and a 420 square foot garage. The property has a 9,150 square foot site and is located in Gurnee, Warren Township, Lake County.

The appellant contends overvaluation as the basis of the appeal. In support of this argument, the appellant submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .64 of a mile from the subject property. The comparables have sites that range in size from 10,890 to 15,880 square feet of land area. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,333 to 2,656 square feet of living area. The dwellings were built from 1993 to

1996 with comparable #2 having a reported effective age of 1997. The comparables each have a basement, two of which have finished area and one is a walk-out. Each comparable has central air conditioning and a garage ranging in size from 420 to 490 square feet of building area. Four comparables each have one fireplace. The comparables sold from April 2019 to July 2020 for prices ranging from \$284,900 to \$334,900 or from \$111.07 to \$143.08 per square foot of living area, including land. Based on this evidence, the appellant requested the subject's assessment be reduced to \$95,450, which would reflect a market value of \$286,379 or \$120.53 per square foot of living area, including land, when using the statutory level of assessment of 33.33%.

The board of review submitted its "Board of Review Notes on Appeal" disclosing the total assessment for the subject of \$102,950. The subject's assessment reflects a market value of \$309,252 or \$130.16 per square foot of living area, land included, when using the 2020 three-year average median level of assessment for Lake County of 33.29% as determined by the Illinois Department of Revenue.

In support of its contention of the correct assessment, the board of review submitted information on five comparable sales with the same assessment neighborhood code as the subject and located within .64 of a mile from the subject property, where board of review comparable #4 is the same property as the appellant's comparable #2. The comparables have sites that range in size from 10,890 to 21,720 square feet of land area. The comparables are improved with two-story dwellings of wood siding exterior construction ranging in size from 2,297 to 2,554 square feet of living area. The dwellings were built from 1994 to 1996 with comparable #4 having a reported effective age of 1997. The comparables each have a basement, three of which have finished area and one is a walk-out. Each comparable has central air conditioning, a fireplace and a garage ranging in size from 420 to 441 square feet of building area. The comparables sold from March 2019 to December 2020 for prices ranging from \$330,000 to \$354,000 or from \$131.13 to \$149.37 per square foot of living area, including land. Based on this evidence, the board of review requested confirmation of the subject's assessment.

Conclusion of Law

The appellant contends the market value of the subject property is not accurately reflected in its assessed valuation. When market value is the basis of the appeal the value of the property must be proved by a preponderance of the evidence. 86 Ill.Admin.Code §1910.63(e). Proof of market value may consist of an appraisal of the subject property, a recent sale, comparable sales or construction costs. 86 Ill.Admin.Code §1910.65(c). The Board finds the appellant did not meet this burden of proof and a reduction in the subject's assessment is not warranted.

The record contains nine suggested comparable sales for the Board's consideration, as one sale was common to the parties. The Board has given less weight to the appellant's comparables #1, #2/board of review comparable #4 and #5, as well as board of review comparable #3 due to their lack of finished basement area, a feature of the subject. The Board has also given less weight to board of review comparable #1 due to its considerably larger site size when compared to the subject.

The Board finds the best evidence of market value to be the appellant's comparables #3 and #4, along with board of review comparables #2 and #5, which are overall more similar to the subject

in location, site size, dwelling size, design, age and features. The comparables sold from April 2019 to December 2020 for prices ranging from \$295,000 to \$341,448 or from \$111.07 to \$148.65 per square foot of living area, including land. The subject's assessment reflects a market value of \$309,252 or \$130.16 per square foot of living area, including land, which falls within the range established by the best comparable sales in the record both in terms of overall market value and on a price per square foot basis. Based on this record, the Board finds no reduction in the subject's estimated market value as reflected by its assessment is warranted.

This is a final administrative decision of the Property Tax Appeal Board which is subject to review in the Circuit Court or Appellate Court under the provisions of the Administrative Review Law (735 ILCS 5/3-101 et seq.) and section 16-195 of the Property Tax Code. Pursuant to Section 1910.50(d) of the rules of the Property Tax Appeal Board (86 Ill.Admin.Code §1910.50(d)) the proceeding before the Property Tax Appeal Board is terminated when the decision is rendered. The Property Tax Appeal Board does not require any motion or request for reconsideration.
